Charging the Headphone

These headphones have an internal rechargeable battery. The battery must be fully charged prior to use. Charging time is approximately 5 hrs. The red indicator will turn on when it charging, it will die out after full charged.

Make sure the Bluetooth function is available on your cell phone. Specific Pairing procedures will be different depending on different cell phone. For detailed information, please refer to your cell phone’s User Guide.

After a successful pairing, devices will memorize each other. Therefore, no pairing will be needed next time, just press the multifunction button 3seconds.

Pairing to Bluetooth device

1. Keep the distance between the cell phone and the headphone within 3 feet(for pairing only)
2. Press the multifunction button for 3 seconds to power on, you will hear “Power on” and blue light will come on.
3. The device will go into pairing mode when you hear “pairing”, meanwhile the blue and red light flash alternately.
4. Activate the Bluetooth function of the cell phone to search for the Bluetooth devices, select“H10” in the device list displayed.
5. After a successful connection, you hear “sort connected” and the blue light of the headphones will flash once every few seconds.

Line in use

You have an option to use these headphones via line-in. Make sure your headphones are charged for line-in use.

1. Turn ON the headphones by pressing the multifunction button 3 seconds.
2. Use the standard 3.5mm auxiliary cord to connect the headphones to your device.
