

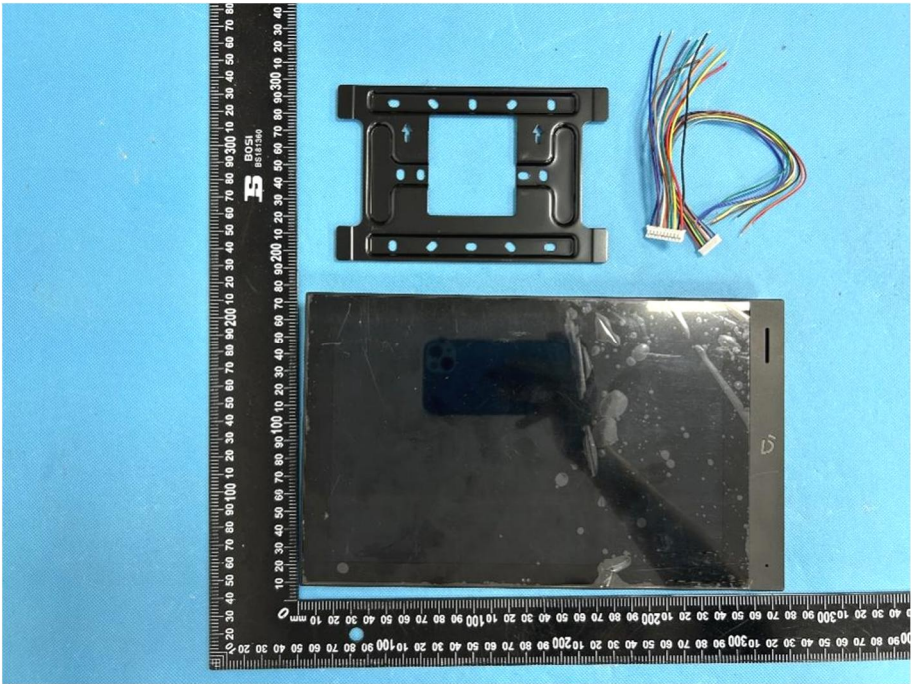

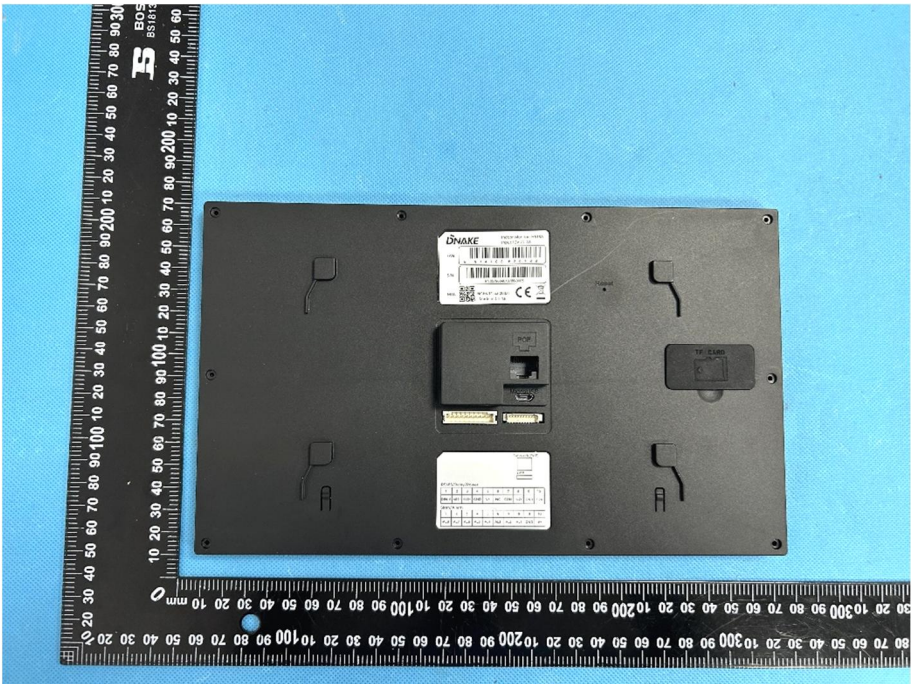

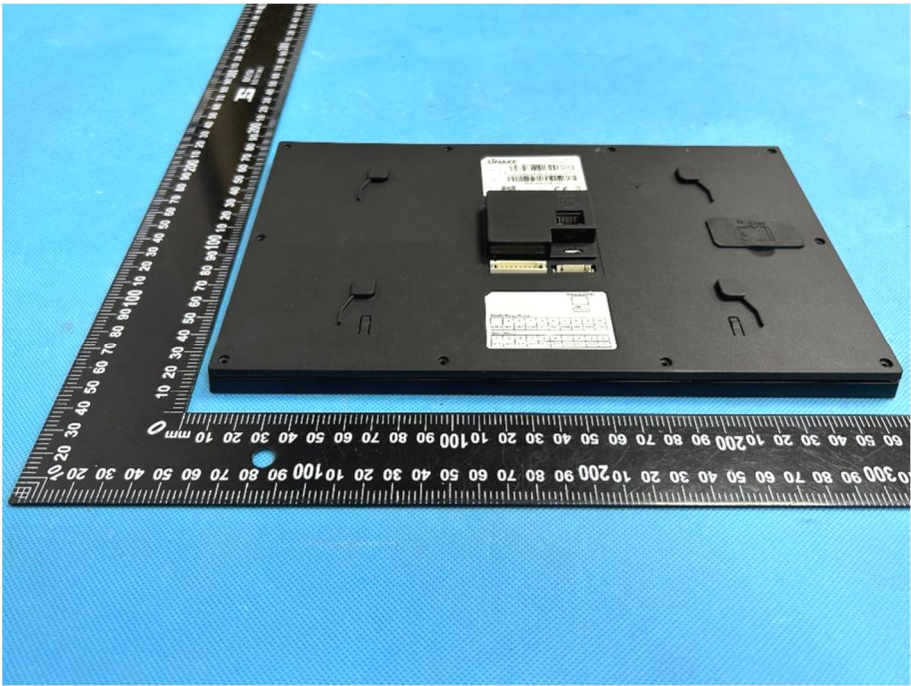

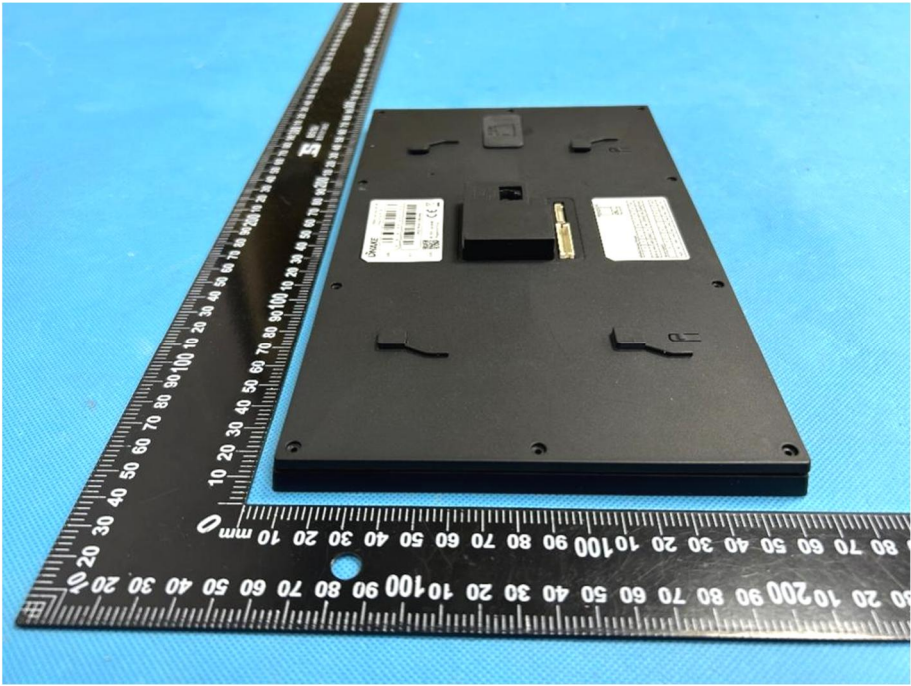

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing the front view of the External Under Test (EUT) device. The device is a rectangular black frame with a central square opening. A blue multi-colored cable is connected to the top right corner. The device is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in millimeters and centimeters.
EUT View 2	 A photograph showing the back view of the EUT device. The device is a rectangular black frame with a central square opening. The back of the device shows internal components, including a white label with a barcode and text, a small black component, and a yellow component. The device is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in millimeters and centimeters.
