

Solder Board-Component View 8	 A photograph of a green printed circuit board (PCB) component, labeled 'View 8'. The component is irregularly shaped with various electronic components soldered onto it, including resistors, capacitors, and integrated circuits. It is placed on a blue textured surface. A vertical ruler on the left shows centimeters from 1 to 11, and a horizontal ruler at the bottom shows millimeters from 1 to 20.
Solder Board-Component View 9	 A photograph of a green printed circuit board (PCB) component, labeled 'View 9'. The component is circular with a central hole and several mounting holes around the perimeter. It features a barcode label and various electronic components. It is placed on a blue textured surface. A vertical ruler on the left shows centimeters from 1 to 8, and a horizontal ruler at the bottom shows millimeters from 1 to 15.

Solder Board-Component View 10	 A photograph of a green printed circuit board (PCB) component, identified as View 10. The component is rectangular with a large central circular cutout. It features two sets of four yellow LED chips, labeled LED1 through LED8. There are also four circular mounting holes around the perimeter. The component is placed on a blue textured surface next to a ruler for scale. The ruler shows centimeters and millimeters.
Solder Board-Component View 11	 A photograph of a green printed circuit board (PCB) component, identified as View 11. The component is rectangular and features a central integrated circuit (IC) labeled RU94 V0. There are also several smaller components, including capacitors and resistors, and a connector labeled CN1. The component is placed on a blue textured surface next to a ruler for scale. The ruler shows centimeters and millimeters.

Solder Board-Component View 12	 A photograph of a green rectangular component with a white rectangular area in the center. The component is placed on a blue textured surface. A ruler is visible at the bottom, showing measurements in millimeters (0.5 mm, 1 mm, 2 mm, 3 mm, 4 mm, 5 mm, 6 mm, 7 mm, 8 mm, 9 mm, 10 mm) and centimeters (1 cm, 2 cm, 3 cm, 4 cm, 5 cm). The component has markings: MARK2, LEO1, MARK3, and a handwritten '20'.
Antenna View	 A photograph of the same green rectangular component, showing the antenna area. A red line points from the text 'NFC Antenna' to the antenna area. The component is placed on a blue textured surface. A ruler is visible at the bottom, showing measurements in millimeters (0.5 mm, 1 mm, 2 mm, 3 mm, 4 mm, 5 mm, 6 mm, 7 mm, 8 mm, 9 mm, 10 mm) and centimeters (1 cm, 2 cm, 3 cm, 4 cm, 5 cm). The component has markings: MARK2, LEO1, MARK3, and a handwritten '20'. NFC Antenna
