FCC ID: 2ATWB-F967K-HP

Product Name: ECOS-D RBS4000K U2110DA0C14W0E100S1V2G2-000

Tune up Information

The RBS are designed so that the switching range matches the alignment range. No tune-up procedure is required by technician or user after the equipment has left the factory to match its specifications on the working frequency.

The RBS has no manual trimmers or adjustments that can be manually done on it acting directly on the RBS itself.
