

A black, handheld electronic device, possibly a remote control or a small game controller, is shown from the back. It has a white rectangular label on the upper back. The device has several circular holes: two on the top, two on the bottom, and one on the left side. A central rectangular area is recessed, and there is a small circular hole on the left side of this recessed area. The device is resting on a light-colored wooden surface.

*This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.*

Item No.: US101-1774/MEN
