	PROJECT: DCL 2025 Castaway Adventure Wireless Charger User Manual	
	FILE NAME: DCL_2025_CastawayAdventure_WirelessCharger_Manual_06.23	
COLOR PANTONE:		

### Specification:

Model	DCLADV-01
Interface	Type-C
Input	5V / 2A 9V / 2A
Output	5W / 7.5W / 10W / 15W
Quick Charge	QC3.0/PD
Conversion	≥ 75%
Material	ABS+PC+Metal
Color	Beige
Size	99x6mm

### Reminder:

- In the process of charging, do not put any metal materials like key ring, metallic phone case etc. on the back of phone device or wireless charge directly.
- To achieve best performance of this wireless charger use QC3.0/PD power adapter.

### Includes:

- One (1) Fast Wireless Charger
- One (1) 1m Type-C Cable
- One (1) User Manual

### How To Use:

1. Connect the Type-C USB cable into the port of the charger.
2. Plug the USB connector into a power adapter.
3. Connect power adapter to power outlet.
4. Simply place the device on center port of charging pad.

### LED Indicators Information:

#### 1. Power On:

- Blue & green lights illuminate simultaneously for 1 second.
- Green light remains solid for ~20 seconds (standby).
- Lights turn off (enters standby mode).

#### 2. Active Charging:

- Blue light displays breathing/pulsing effect.

#### 3. Status Alert:

- Blue and green lights alternately blink simultaneously.
- Indicates charging abnormality/FOD (Foreign Object Detection, like Non-Qi devices without receiver or found a metal on wireless charger pad).

**CAUTION:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### Note:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Federal Communications Commission (FCC) Statement 15.105(b): This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Compliance Statement 15.21:

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

### FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. The Transmitter shall always be installed ensuring a minimum separation distance of 20cm between the antenna and the user.
