Photo 6

A close-up photograph of the bottom edge of a black smartphone. The device is resting on a blue surface with a fine, repeating circular pattern. In the center, there is a USB-C port with a silver-colored metal frame. To the right of the port is a rectangular speaker grille with a black mesh. To the left of the port is a small, dark, rectangular port, likely for a headphone jack or a secondary USB port. The phone's body is black and has a slightly curved bottom edge.
