

THERAGUN

PRO Wireless Charging Stand

Theragun PRO Wireless Charging Stand

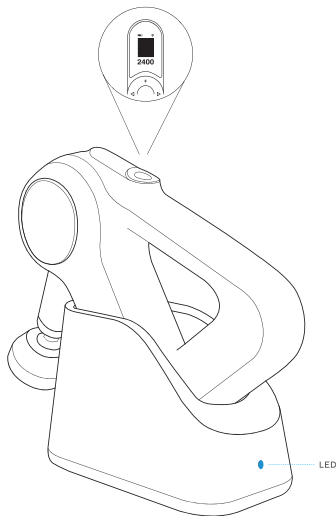

Theragun PRO not included with the Wireless Charging Stand

THERAGUN

Born in Los Angeles, CA.
Engineered for every*body*.

Charging your Theragun PRO

1. Plug the power adapter into the Wireless Charging Stand's charging port.
2. Turn off your Theragun PRO.
3. Place your Theragun PRO in the cradle of the Wireless Charging Stand and push forward until fully inserted.
4. The LED light of the wireless charging stand will light up when properly connected. The Theragun PRO is fully charged when the battery icon on the device's OLED screen is full.

The Theragun PRO can remain in the Wireless Charging Stand even when fully charged.
