

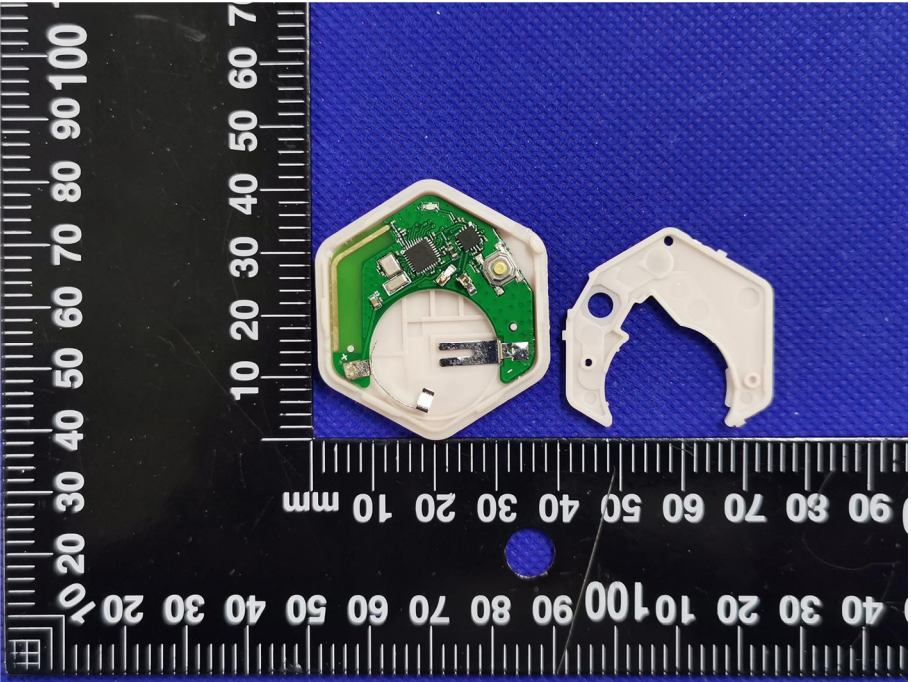

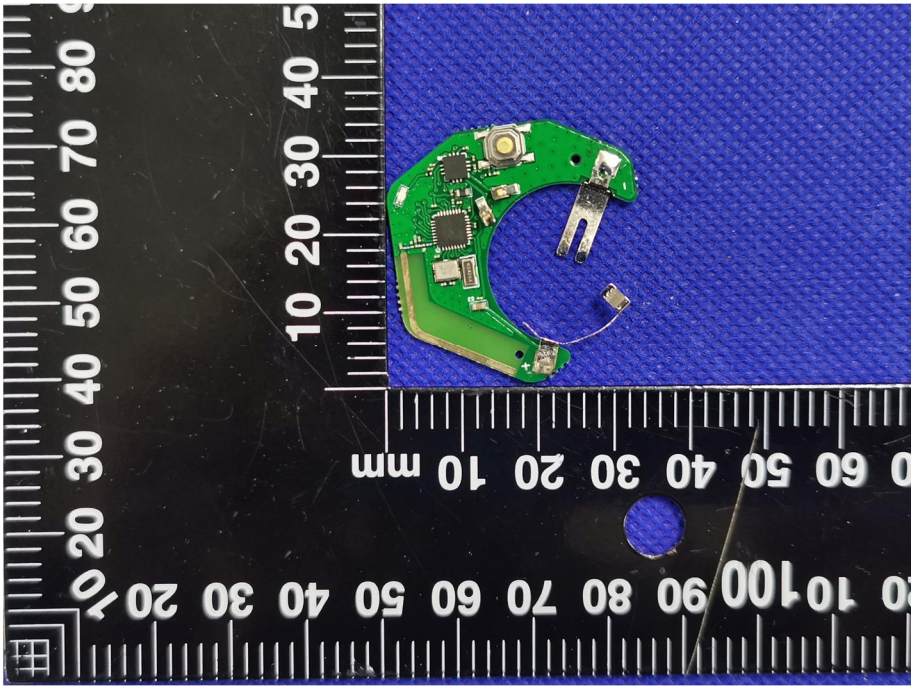

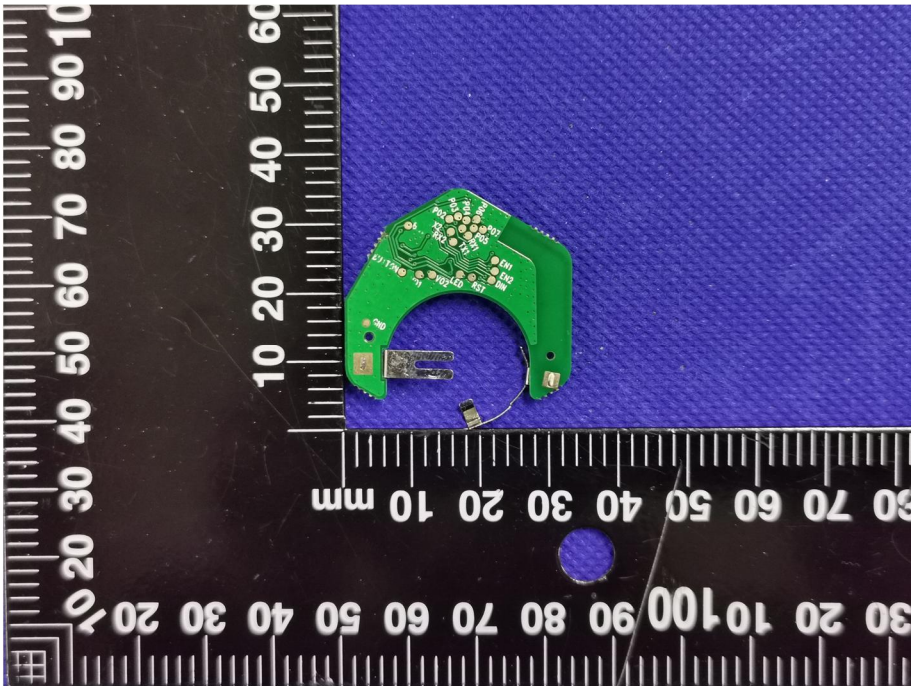

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. The components include a green PCB with various electronic components, a small metal component, and a battery. The components are placed on a blue background next to a ruler for scale. The ruler shows measurements in millimeters and centimeters.
EUT Housing and Board View 2	 A photograph showing the internal components of the EUT housing. The components include a green PCB with various electronic components, a small metal component, and a battery. The components are placed on a blue background next to a ruler for scale. The ruler shows measurements in millimeters and centimeters.

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is irregularly shaped with a central cutout and is positioned on a blue textured surface. It is surrounded by a black L-shaped ruler with white markings in millimeters. The component features several electronic components, including a small integrated circuit (IC) and a yellow circular component. A small metal tab is visible on the right side of the component.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the component from a different angle, highlighting the solder joints and the components on the opposite side. The component is again placed on a blue textured surface with a black L-shaped ruler for scale. The same electronic components and metal tab are visible from this perspective.
