Board View 1****EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a circular electronic component, likely a microcontroller or sensor, mounted on a blue textured surface. The component is positioned next to a black L-shaped ruler for scale. The ruler has white markings in millimeters, with the horizontal scale ranging from 0 to 100 mm and the vertical scale ranging from 0 to 80 mm. The component is a small, dark, circular board with various components and a central square chip. It is oriented with its top edge towards the top right of the frame.
Solder Board-Component View 2	 A photograph of the same circular electronic component from a different angle, showing its underside. The component is positioned next to the same black L-shaped ruler for scale. The ruler has white markings in millimeters, with the horizontal scale ranging from 0 to 100 mm and the vertical scale ranging from 0 to 80 mm. The underside of the component shows a central square chip, several small components, and a gold-colored pad. It is oriented with its top edge towards the top right of the frame.
