Our company has spent a substantial effort in developing this product. Having the subject information easily available to "competition" would negate the advantage achieved by developing this product. Not protecting the details of the design will result in financial hardship.

The above information contains trade secrets and proprietary information not customarily released to the public. The public disclosure of this information might be harmful to the applicant and provide unjustified benefits to its competitors.

The limited modular radio will only be integrated by IngeniArts Technologies Inc. in its products. The limited modular radio user manual will neither be distributed to customers or service partners.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Beauchamp".
