A detailed view of the internal components of a custom-built portable device. The device is housed in a black metal chassis. Two TB-WEAKERS modules are visible, each with a label that reads "TB-WEAKERS", "MODEL 1000", "S/N 1000", and "1000". The modules are connected to a central circuit board via multiple colored wires (red, yellow, green, blue). A custom metal chassis is visible, featuring a central slot for a component and a small green circuit board. The device is shown from a top-down perspective, highlighting the intricate wiring and component layout.
