To Whom It May Concern:

☒ **Short-term Confidentiality**

Request to withhold from public review for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept short-term confidential for a period above from the date of the grant.

[Select one or more of items below, that are **not** selected in the list above, as appropriate, , and delete unselected parts]

- ☐ Schematics
- ☐ Block Diagrams
- ☐ Operational Description
- ☒ Test Setup Photos
- ☒ External Photos
- ☒ Internal Photos
- ☒ Users Manual

Rationale for request for confidentiality:

We have invested considerable time and materials in research and development to produce the referenced product.

☒ *Short-term confidentiality*: Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.
