### **SAFETY PRECAUTIONS**

- This product is not intended for commercial use and has been tested for household use only.
- This product is not intended for use by small children, or persons with diminished mental capabilities. Please ensure that the use of this product is monitored by a guardian or parent.
- To reduce the risk of fire or electric shock, never use your headphones near water or in areas where it can come into contact with water. Never handle the headphones if they have been dropped into water or any other liquid. If the product comes into contact with water while switched off, this poses a safety hazard.
- Always make sure your hands are dry before touching the plug or power connections.
- CAUTION: Do not remove the panel covers by unscrewing them. To reduce the risk of electric shock, do not remove the cover. No user-serviceable parts inside. Refer servicing to a qualified service personnel.
- DO NOT use any accessories, plugs or power cables not recommended by this document, or of a lesser Amperage or Voltage.
- DO NOT operate the product with a damaged cord or plug, or after it has malfunctioned, it has been dropped or damaged in any way.
- WARNING: Always keep optional accessories, small parts and packaging out of the reach of

babies and small children, as these items may pose a choking hazard.

- DO NOT overcharge your headphones; doing so may shorten the lifespan of the built-in batteries and could also cause your device to overheat.
- CAUTION: Do not disassemble the battery or dispose of it in a fire.
- CAUTION: Should your battery show signs of overheating, smoke or fumes being emitted during charging, remove the charging cable immediately.
- Do not use any harsh or abrasive cleaning chemicals or materials on your headphones; doing so may damage or scratch the surface finish.
- Do not expose your headphones to direct sunlight or high temperatures for extended periods of time.
- Do not store in temperatures over 60°C.
- Do not expose the battery to excessive heat such as sunshine, fire or the like. Store in a cool, dry place.

**FCC Caution:**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
