Solder Board-Component View 4	 A photograph of a small, black, rectangular printed circuit board (PCB) component. The board is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length spanning approximately 40 mm. The PCB features various components and labels, including "94V-0", "2-20240926", "75-FILTERKEY-CBA", and several test points labeled TP1 through TP30. There are also circular holes labeled K1, K2, K3, K4, and K5, and a small rectangular cutout.
Solder Board-Component View 5	 A photograph of a blue, rectangular battery component. The battery is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the battery's length spanning approximately 100 mm. The battery has a black label with a barcode, the text "S/N 020242001544", and various safety and recycling symbols. A red and yellow cable is attached to the right side of the battery.
