

ANNEX

EXHIBIT 1 - PRODUCT LABELING

Proposed FCC ID Label Format

Specifications: The product is a mouthguard, due to the usage of the product, a label on the product is not feasible. Instead, the product label is in the product manual and in the black pelican case, as the mouthguard will be packaged in the Solo Case (the smaller black charging case), and then will be packaged in the black pelican case.

Proposed Label Location on EUT

FCC ID Label Location	Label in Pelican Case	Label in Product Manual
		<p>INDICATOR LIGHTS</p> <ul style="list-style-type: none"> CHARGING IN CASE BUT NOT ALIGNED, INVESTIGATE NOT IN CASE, OR MALFUNCTIONING <p>If you see a blue or red LED light, make sure that the mouthguard is properly placed in the solo case, with teeth down and pushed all the way against the back wall.</p> <p>TEAM CASE AUXILIARY CHARGING PORT</p> <p>The team case includes an auxiliary USB charging port at the bottom of the case. The port is rated for 1A charging and can be used to charge a smartphone or tablet.</p> <p>Label in Product Manual</p>
