Subject: Use of HE910-D documentation and FCC reports

Dear Sir or Madam:

Telit authorizes integrator/customer ABB to use the HE910-D construction documentation (schematics, BOM, Block diagrams, etc.) and the FCC reports, that must remain permanently confidential, for FCC certification of their MSR1600 product.

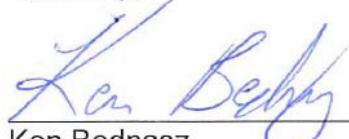

FCC ID: RI7HE910

ABB may use MPE, part 15, 22, 24, 27 test reports along with all necessary documentation pertinent to Telit radio module HE910-D and is authorized to use the company name "Telit", product name "HE910-D" solely for the certification process of MSR1600 which have the Telit HE910-D embedded.

The Test Reports supplied by Telit to the FCC for our submission for grant are still representative of HE910-D manufactured today.

If you have any questions or concerns feel free to contact me.

Sincerely,

Ken Bednasz

Vice President of Application Engineering
