

DOGNESS SMART SPACE CAPSULE PET TRAVEL BAG USER MANUAL

BEFORE USING THIS PRODUCT, PLEASE READ THIS MANUAL.

Thank you for purchasing DOGNESS smart products. For your safety and concern, please read this product manual carefully prior to use. Failure to follow and operate this product in accordance within the manual and issues that result in any personal injury, property or other losses, DOGNESS has no liability except as expressly provided by law.

ABOUT THE PRODUCT MANUAL

The authorization, trademark, and font size of the manual belong to DOGNESS and other related parties. If the content of the manual is inconsistent with the actual product (including APP), the actual product (APP) shall prevail. DOGNESS reserves the right (including electronic version) to interpret and modify the manual within the scope permitted by law. If you have any objection to any content or terms of the manual, please submit a written objection to DOGNESS within 7 days after purchasing the product. Otherwise you agree, understand and accept the entire contents within this user manual.

AUTHORIZATION STATEMENT

The company respects and protects the personal rights of all users who use the service. In order to provide you with accurate and personalized services, this product will use and share your personal device operation rights in accordance with the authorized directions. This application will treat this information with a high degree of diligence and prudence. Except as otherwise provided in this authorization statement, this product will not disclose or provide this information to third parties without your prior permission. Additional users authorized by you to access the product will have the usage rights of your device, including but not limited to: function, control, video recording, photography, microphones, listening, etc. The decision to authorize means that you are fully aware and understood the above terms. The company does not assume any form of responsibility for the loss of personal privacy relationship disputes, property credit, etc. as a result. Please use caution with the authorization function. The company has the final right to interpret the license terms, and the authority to terminate the service agreement with the authorized user(s) immediately.

SPECIFICATIONS

Product Name: Dogness Smart Space Capsule Pet Travel Bag
Model: K03
Color: Magic Silver
Size: L 13.39" x W 10.63" x H 16.54"
Weight: 3.15 lbs.
Material: ABS, PC, Fabric
Rated Voltage: 5V
Applicable: Pets up to 17.5 lbs.

FEATURES

- With a large, squared three-dimensional design, space is not limited so the pet can move more freely.
- The smart air ventilation system automatically detects and circulates the air supply according to the ambient temperature within the bag. The fan speed adjusts as needed to maintain a comfortable environment for your pet.
- The owner can monitor and control the bags internal temperature in real time on the App, directly on their smartphone.
- Equipped with a built-in cleaning function that sprays a thin layer of disinfectant solution that cleans and removes odors inside the travel bag between uses. Cleaning function should only be used when the bag is not occupied by a pet.
- The integrated lighting system gently illuminates the inside of the bag so the owner can clearly see the pet at anytime.
- The bag is powered by the use of a portable power bank (battery) provided by the user (not included).
- The generous sized tinted window mutes the light and allows the pet to see outside and for the owner to see their pet.
- Multiple ventilation holes provide additional airflow.
- Secure it during travel by attaching the vehicles safety seat-belt through the slot on the back of the bag for stability.
- Extra thick and adjustable shoulder and chest straps for more comfort to the pet owner.
- Soft, durable and removable pad provides extra comfort for the pet during travel.
- The bag is collapsible and easy to store, requires minimal storage space.
- Airline approved - generally acceptable, consult with your airline prior to travel.

PRODUCT OVERVIEW

PRODUCT ASSEMBLY

1. Connect and assemble the three main sections of the bag and zipper together.
2. Find the zipper on the edge of each section (1, 2, and 3), push the fastener element into the zipper slider, align together and zip it up.
3. Attached the padded mat to the Velcro at the internal bottom of the bag, 4. adjust as needed prior to use.

PRODUCT USE

PRECAUTIONS:

1. Do not store this product in excessively hot environments. Avoid exposure to rain, humidity, heavy pressure, fire sources, mildew, and corrosive chemicals.
 2. The product contains electronic components, avoid exposure to moisture or rainy weather conditions.
 3. Pets should be dry and free of any moisture prior to using the ventilation system.
 4. Do not overload the contents.
 5. Avoid direct contact with sharp objects that could scratch, cut or damage the product.
 6. Metal oxidation, color fade, wear and tear are normal.
 7. Inspect this product regularly, store in a cool, dry area, and inside a protective cover or box when not in use.
 8. The product contains electronic components, and cannot be submerged in water. Stains or blemishes can be cleaned with a damp cloth or soft brush and allow to air dry. Not washing machine safe.
- FCC STATEMENT:**
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
This device may not cause harmful interference, and
This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
