Touch Control

### Less is More!

Controlling the volume, play, and pause of your music are done completely through your connected device.  
There are no controls on the Newport Plug-in Speaker.

1

Fold-out the prongs and plug the speaker into the wall outlet.

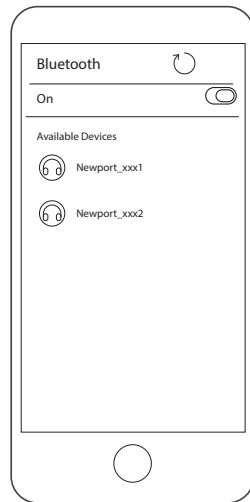

2

Once the speaker is plugged in, press the power button to turn the speaker on. It will automatically enter Bluetooth pairing mode.

3

Go to Bluetooth settings on your phone, tablet or computer to find the device named Newport\_xxxxx.

4

## Enjoy Newport Plug-in Speaker!

Next time speaker and connected device  
will pair automatically...

The Newport Plug-in Speaker will always be on as long as your connected device is within Bluetooth range. Once your connected device is out of Bluetooth range, the speaker will be disconnected and in standby mode.

When the connected device returns to the Bluetooth range, the speaker will automatically detect and reconnect it.

When there are more than one Newport Plug-in Speakers, you can enable Party mode. To learn more, please go to [ocacoustic.com](http://ocacoustic.com)'s support page on how to operate Party mode.

USB Type-A port is for charging the phone/tablet only.
