

INSTALLATION CONDITION

FCC ID: 2AV76-NMOK-300W
2AV76-NMOK-301W

Product listed above will be installed in Hyundai IONIQ6 with 50mm separation distance. Product will be installed by vehicle manufacturer. Product has been tested with 40mm of separation distance. Any different installation condition that allows user to be closer than 40 mm would require additional RF Exposure evaluation and permissive change procedure.

Sincerely,

Sangil Nam
