Cover Letter

To Whom It May Concern,

This cover letter accompanies the document pack for the Nest Rack. This product was previously known as the Cheetah Rack and some of documents included refer to the original name. The intellectual property associated with this product was purchased from WesternGeco and will now be marketed as the STRYDE Nest Rack. The product has been recently retested at Nemko as there have been several changes to the design that might have affected the unintentional radiated emissions.

Please contact me if there is any additional information you may need.

Yours faithfully,

Doruk Erol
Project Manager at Stryde
