Important Safety Instructions

SAVE THESE INSTRUCTIONS

Household use only.

For indoor use only.

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING (THIS APPLIANCE). Failure to follow the warnings and instructions may result in electric shock, fire and/or serious injury.

WARNING – To reduce the risk of fire, electric shock, or injury:

1. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children should not play with the appliance. Cleaning and user maintenance shall not be performed by children without supervision.
2. The appliance is not to be used by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction.
3. Use only indoors, on non-carpeted floor surfaces such as vinyl, tile, sealed wood, etc. Be careful not to run over loose objects or edges of area rugs. Stalling the brush may result in premature belt failure.
4. Do not allow to be used as a toy. Close attention is necessary when used by or near children, pets or plants.
5. Use only as described in this manual. Use only manufacturer's recommended accessories.
6. Do not use with a damaged cord or plug. If appliance has been dropped, damaged, left outdoors, dropped into water, or is not working as it should, return it to a service center.
7. Do not handle charger, including charger plug, and charger terminals with wet hands.
8. Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
9. Keep hair, loose clothing, fingers, and all parts of your body away from openings and moving parts.
10. Use extra care when cleaning on stairs.
11. Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
12. Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
13. Do not use without filter.
14. Prevent unintentional activation. Ensure the switch is in the off-position before picking up or carrying the appliance. Carrying the appliance with your finger on the switch or energizing appliance that have the switch on invites accidents.

15. Always switch off the appliance before making any adjustments, changing accessories, or storing the appliance. Such preventive safety measures reduce the risk of starting the appliance accidentally.
16. Charging only with the charging dock specified by Tineco. A charging dock that is suitable for one type of battery pack may create a risk of fire when used with another battery pack.
17. Use appliances only with specifically designated Tineco battery packs. Use of any other battery packs may create a risk of injury and fire.
18. Under abusive conditions, liquid may be ejected from the battery; avoid contact. If contact accidentally occurs, flush with water. If liquid comes into eye contact, seek medical help. Liquid ejected from the battery may cause irritation or burns.
19. Do not use a battery pack or appliance that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
20. Do not expose a battery pack or appliance to fire or excessive temperature. Exposure to fire or temperature above 266°F (130°C) may cause an explosion.
21. Follow all charging instructions and do not charge the battery pack or appliance outside of the temperature range specified in the instructions. Charging improperly or at temperatures outside of the specified range may damage the battery and increase the risk of fire.
22. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
23. This appliance contains battery cells that are non-replaceable. Do not modify or attempt to repair the appliance or the battery pack except as indicated in the instructions for use and care.
24. Always turn off this appliance before connecting or disconnecting the motorized nozzle.
25. Do not charge or store the appliance outdoors or inside the car. Only charge, store or use the battery in a dry indoor area where the temperature is higher than 39.2°F (4°C) but lower than 104°F (40°C). The charger is for indoor use only.
26. Do not use to pick up ultrafine particles, such as lime, cement, sawdust, gypsum powder, or ashes.
27. Do not use to pick up sharp objects, such as metallic nails, pieces of glass, metal paper clips, or pins.
28. Do not use to pick up hazardous material and chemicals, such as solvent, drain cleaner, strong acids, or strong alkali.
29. Stop using immediately if the appliance is overheating, making unusual noises, producing unusual odors, performing low suction, or leaks electricity.
30. Turn cleaner OFF and disconnect from electrical outlet for long-term storage.
31. Always clean the Dirty Water Tank after each use to avoid potential blockage, which may lead to low suction power, motor overheating, or reduce the service life of the appliance.
32. Store appropriately indoors in a dry place after use.
33. Do not place or submerge appliance in standing water or try to clean flooded areas.
34. All data and technical instructions of this manual are based on results from lab tests of Tineco or designated third parties. The company reserves all rights for final explanations.

35. The plug must be removed from the socket-outlet before cleaning or maintaining the appliance.
36. A hazard may occur if the appliance runs over the supply cord.
37. Do not use the appliance when the water depth is more than 5mm above the surface.
38. Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
39. When battery pack is not in use, keep it away from metal objects such as paper clips, coins, keys, nails, screws or other small metal objects that could create a connection between the battery terminals. Short-circuiting the battery terminals may result in burns or a fire.
40. To reduce the risk of fire and electric shock – Use only Tineco cleaning products intended for use with this machine.

Range of Usage

1. The cordless hard floor cleaner is to be used on indoor hard floors, such as vinyl, tile, sealed wood, etc. Use on a rough surface may not get the best performance.
2. Keep your appliance away from heat sources, such as fireplace or heater, to avoid casing deformation.
3. Do not use to pick up flammable or combustible liquids, ultrafine particles, sharp objects, hazardous material, chemicals or anything that is burning or smoking, as described above.

About the Cleaning Solution

1. **WARNING** – To Reduce the Risk of Fire and Electric Shock – Use only Tineco cleaning solution designed for use with this machine.
2. A large amount of cleaning solution entering into the motor may cause damage to the appliance.
3. Add solution as instructed in the Operation section. We recommend using the provided cleaning solution. Do not use the product with acidic, alkaline solution, or any substances harmful to the environment.
4. Keep out of the reach of children. Avoid contact with eyes and skin, otherwise, rinse thoroughly with water. If irritation persists, seek medical advice. If product is swallowed seek medical advice.
5. Dirty water and solution disposal should comply with local environmental regulations.

About the Appliance

1. Do not modify or attempt to repair the appliance except as indicated in the instructions for operating and cleaning.
2. The appliance is only to be used with the power supply provided. The plug must be removed from the socket-outlet before cleaning or appliance maintenance.
3. Use extra care when cleaning on stairs.
4. Ensure that the Power Switch is in the OFF-position before picking up or carrying the appliance. Do not lay flat or lean the appliance so as to prevent dirty water from entering into the motor.
5. To avoid being tripped accidentally, please put away the appliance on the charging dock.

6. Always install the Dirty Water Tank and Clean Water Tank properly before use.
7. Do not allow the appliance or charging dock to get wet to avoid risk of fire or injury caused by a short circuit.
8. **WARNING:** For the purposes of charging the battery, only use the detachable power supply provided with this appliance.
9. Use only with <AA2338A> power supply. This appliance contains batteries that are non-replaceable.

About the Drying & Charging Dock

1. **WARNING** – Do not immerse in water.
2. **CAUTION** – Hot surface. When using avoid contact.
3. This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not modify the plug in any way.

FCC Supplier's Declaration of Conformity

TINECO / FLOOR ONE S7 SERIES

This appliance complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This appliance may not cause harmful interference, and (2) this appliance must accept any interference received, including interference that may cause undesired operation.

TINECO INTELLIGENT, INC.

1700 WESTLAKE AVENUE N., SUITE 200, SEATTLE, WA, 98109, USA

WWW.TINECO.COM

1-855-292-8864

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital appliance, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- (1) Reorient or relocate the receiving antenna.
- (2) Increase the separation between the equipment and receiver.

- (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- (4) Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Note

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment, such modifications could void the user's authority to operate this equipment.

IC Note

This appliance contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This appliance may not cause interference.
 - (2) This appliance must accept any interference, including interference that may cause undesired operation of the appliance.
- This Class B digital apparatus complies with Canadian ICES-003.
 - This equipment complies with ISSED RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Specifications

Product (Appliance)	FLOOR ONE S7 SERIES
Voltage	25.2V $\equiv$ 3900mAh Li-Ion
Rated Power	230W
Running Time	28-40 mins
Charging Time	4-5 hrs
Water Flow Rate	20-100ml/min
CWT Capacity	~0.85L
DWT Capacity	~0.72L
Waterproof	IPX4

Drying & Charging Dock

Input (drying)	120V~ 60Hz 3.8A
Input (charging)	120V~ 60Hz 0.5A
Output	30V $\equiv$ 1A

*Estimated runtime data was obtained by Tineco Laboratory.

Disposal

- The battery contains materials that are harmful to the environment and must be removed from the appliance before it is discarded.
- When removing the battery, the appliance must be powered off.
- Batteries, chargers, accessories and packaging should be sorted for environmental friendly recycling. Do not put them into fire, water or soil. Do not dispose of batteries and chargers into household waste! 
- If battery leakage contacts skin or clothing, immediately flush with water to avoid irritation and seek medical help.

Accessories

EN

Note:

Accessories may vary among markets. If you require more accessories, please go to www.tineco.com or store.tineco.com.

Deodorizing & Cleaning Solution

Removes dirt, grime, grease and tough stains from most types of hard surfaces, like tile, marble, sealed hardwood floors, and more. Always use Tineco solution in your appliance.

Add one bottle cap of solution to each full tank of clean water.

Brush Roller

Soft roller head with bristles can be used to vacuum and wash at the same time. It can be easily cleaned with the self-cleaning function.

Dry Filter

Dry filter and filter net can block large particles and debris, ensure the appliance's durability.

* Please install the dry filter before use, or it may lead to weak suction.

Cleaning Tool

A full brush to clean the DWT, brush chamber and opening.

The tool also has a bristled end to remove dirt and mud on the roller and DWT.

Assembly

How to Assemble/Disassemble

Note:

For water tank and brush assembly, please refer to "Operation" and "Maintenance".

EN

To assemble the handle, insert it into the appliance until you hear a click.

In the event that the handle needs to be disassembled, press the spring to release the handle with a tool (like a screwdriver) and lift the released handle from the appliance.

Operation

Preparing for Use

Floor Washer

- Before first use, please charge the appliance for 4-5 hours (refer to "Charging Instructions" for details).

* Based on results from Tineco lab tests. Lab temperature 39.2°F (4°C) ~ 104°F (40°C).

Press the ① button and the appliance will start in AUTO mode by default. Press it again to turn off the appliance. Switch between AUTO, MAX and SUCTION modes by pressing the [Grid Icon] button.

Tips:

- Solution mode/ Water Only mode:
Appliance starts with Solution mode by default. Power on while the appliance is upright, hold [Grid Icon] for 3s to switch between the two modes.
- Switch to Water Only mode:
LED Loop: Red → Blue (use water only)
- Switch to Solution mode:
LED Loop: Blue → Red (use cleaning solution)

WiFi/Mute/Language Switch Button

- Short press to adjust the volume.
- Press twice to switch languages. (More voice languages will be added, please refer to the actual product for now.)
- Hold for 3 seconds to connect to network.

Stop Working

Start Again

EN

The appliance will stop working when put upright and start running again when reclined.

* Do not recline more than 142° to avoid water leakage.

Place the appliance on the charging dock vertically after use for recharge and storage.

Note:

- It is crucial to choose the right mode based on the CWT contents to achieve the highest level of dirt detection efficiency.
- Do not vacuum foamed liquid.
- To vacuum water left on the surface, the appliance will keep running for 3 seconds after power off.

Filling Clean Water Tank

Press the Clean Water Tank release button to remove it from the appliance.

Open the tank cap, and fill with tap water to the Max line. When deep cleaning is necessary, add one bottle cap of solution to the CWT and tightly close the cap.

Note:

**Only use water under 140°F/60°C.
DO NOT USE HOT WATER.**

Place the tank back into the appliance. You should hear a "click" if done correctly.

Charging Instructions

- To charge the appliance, plug in the drying & charging dock and place the appliance on it.
- To avoid tripping hazards, please place the appliance on the charging dock near a wall during charging.

Warning:

- Only charge the appliance with the charger supplied by Tineco.
- During long periods of not being used, the appliance must be charged once every 3 months for optimal performance. It may take 4-5 hours for a full charge.
- Store indoors in a dry place. Do not expose the appliance to sunlight or freezing temperatures. Recommended temperature range: 39.2°F (4°C) ~ 104°F (40°C).

Cleaning Mode Selection

AUTO Mode

- In AUTO mode, the iLoop sensor automatically detects how dirty the floor is and applies the appropriate amount of detergent and suction power.
- A red dirt monitoring loop indicates more dirt is detected, and a blue loop indicates less dirt is detected. This mode automatically provides the best cleaning solution.

EN

MAX Mode

- In AUTO mode, press the  button once to enter MAX mode.
- In MAX mode, the appliance will apply max suction power and will spray water/solution for embedded stains.

SUCTION Mode

- In AUTO mode, press the  button twice to enter SUCTION mode.
- In SUCTION mode, the appliance will absorb water. We recommend using this mode on wet surfaces.

CUSTOM Mode

- This mode allows users to freely set the appliance parameters on the app to enjoy a fully customized furniture cleaning experience.

Note:

Keep sharp objects away from the digital display screen to avoid scratches and scrapes.

Indicator When in Use	
	Off: motor malfunction, battery malfunction, charging abnormality.
	Solid blue light: dirt sensor malfunction or blocked.
	Indicator blinking: DWT is full or channel has a blockage.
	Indicator blinking: CWT is empty.
	Indicator blinking: brush roller has a blockage.
	Illuminated: WiFi has successfully connected.
	Blinking: WiFi is connecting.
	Off: WiFi is not connected, please connect to the network.
	Indicator blinking: appliance is in need of self-cleaning.
	Battery level > 20%: solid green battery icon.
	Battery level 10%~20%: solid red battery icon.

Battery level < 10%: battery icon blinking red.

During Charging

Battery Level Indicator blinking: charging malfunction.

Tineco indicator: breathing.

Fully Charged

In 5 minutes: Tineco indicator illuminated.
After 5 minutes: all indicator lights turn off.

Charging Time

- A full charge takes approximately 4-5 hours.
- Estimated data was obtained by Tineco Laboratory using ambient temperatures ranging from 39.2°F (4°C) to 104°F (40°C).

App

All the functions can be performed using the Tineco app. Download the Tineco app from App Store, Google Play and Tineco Official Site.

Note:

The default setting for voice prompt is English, you can set other languages via App.

Voice Prompt (Contents may vary, please in kind prevail.)

Status	Reminder
Voice prompts on	Voice prompts on.
Voice prompts off	Voice prompts off.
Auto mode by default	Auto mode.
Switch to Suction mode	Suction mode.
Switch to Max mode	Max mode.
Battery level: 10~20%	Battery low.
Battery level: 0~10%	Battery low. Please charge the appliance.
Clean Water Tank is empty	Insufficient water in the Clean Water Tank. Please add water.
Need self-cleaning	To optimize cleaning performance, please perform self-cleaning cycle.
Can not perform self-cleaning	Please place appliance on the charging dock to begin self-cleaning.
Dirty Water Tank is full	Dirty Water Tank full. Please empty.
Brush roller is tangled	Please clean the brush roller.
Power off	Powering off.
Battery insufficient for self-cleaning	Battery low. Please charge before initiating self-cleaning.
Cleaning the brush roller	Cleaning the brush roller.
Cleaning the pipe	Cleaning the pipe.
Drying the Brush Roller	Drying the Brush Roller.
Deep cleaning	Deep cleaning.
Self-cleaning complete	Self-cleaning complete. Please empty and clean the Dirty Water Tank to prevent odors.
Start charging	Charging.
Insufficient water for self-cleaning	Please add water and start self-cleaning.

Maintenance

Note:

- For optimal performance and to prevent odors, always **clean** and **dry** DWT, filters, brush roller, brush roller cover **completely** after each use.
- Please make sure each part is installed correctly or the appliance may not work properly.
- Do not soak the appliance or wash it under water.
- Some water may remain in the appliance due to factory inspection.
- After maintenance, place the appliance on the charging dock vertically. Do not expose the appliance to direct sunlight, and store it indoors in a dry place.

Main Body

To reduce the risk of injury, switch off before performing maintenance.

Use a cloth to clean the surface with a neutral detergent. The cloth should be dry to prevent water from entering the appliance.

Clean the dirt sensor with a damp cloth or the cleaning tool.

Dirty Water Tank

- When dirty water reaches the Max line, the appliance will stop working and show a reminder on the display and play a voice prompt.
- Pull up the tank lid to empty the DWT. Use the cleaning tool to remove remaining debris. Rinse the inside of the DWT and place back into the appliance.

Dry Filter & Waste Separator

- Grasp recessed area on each side of the dry filter and pull upward. Rinse under running water and must be completely dry before recombining with the lid of the DWT.
- * A spare dry filter is provided with your appliance for convenient replacement.
- The waste separator can be removed and rinsed under the running water.
- * The function of the waste separator is to separate solid waste.
- * The appliance can function normally without the waste separator, so users can decide whether to keep it or not.

Brush Roller Self-cleaning

1. Place the appliance on the charging dock after use, the sensor will auto-detect the level of dirt.
2. When you hear the voice prompt "please start self cleaning", press the self-cleaning button and begin the process.
3. Once complete, you will hear the voice prompt "self cleaning completed, please clean the Dirty Water Tank." At this point, the appliance will begin charging..

Note:

- Ensure the charging dock is plugged in and the battery level > 30%.
- Before self-cleaning cycle, please clean the DWT and ensure the water level in the CWT > 40%.
- During the drying process, if you press the self-cleaning button, the drying process will be interrupted. You can press it again to restart self-cleaning.

Brush Roller Cover

Squeeze latches on the cover and pull upward to remove.

Wipe with a wet cloth.

While replacing, always latch the brush cover into place to avoid leakage.

Brush Roller

Remove the brush roller by grabbing the brush roller tab and pulling out.

Use the cleaning tool to remove the hair and debris wrapped around the roller and rinse the roller with water, and allow it to dry completely before reinstalling.

Remove hair and debris from the brush roller chamber and the opening with the cleaning tool.

Replace the brush roller by inserting its end into the left side of the holder, then attach the roller tab to the magnetic buckle on the right side to lock into place.

Brush Roller Replacement

Pull up the roller handle to remove it. Once removed, install the handle into the new brush roller.

When uninstalling, do not directly pull on the pull ring of the brush roller.

Note:

- A spare brush roller is provided with your appliance for convenient replacement.
- To maintain optimal performance, replace the brush roller every 6 months.

Transparent Tray

Move the lock latch to the right, then lift the transparent tray upwards to remove it.

Clean with water or a towel, and thoroughly dry before reinstalling.

Note:

- Do not directly rinse the drying & charging dock with water. Remove the transparent tray separately for cleaning.

Troubleshooting

Problem	Possible cause	Solution
The appliance does not turn on	1. No power 2. Auto protection for overheating	1. Charge the appliance 2. Restart after cooling down
Weak suction	The dry filter is not installed, or the dry filter is dirty	Install the dry filter or clean and allow it to dry completely
Brush roller tangled in animation 🔊 Voice prompt: Please clean the brush roller	 The brush roller is blocked	Remove blockages
WiFi indicator off	 WiFi is not connected	Follow the in-app guide to connect to WiFi
CWT empty in animation 🔊 Voice prompt: Insufficient water in the Clean Water Tank. Please fill up water	 CWT is empty	Refill CWT
DWT full in animation 🔊 Voice prompt: Dirty Water Tank is full. Please empty it	 The dirty water in DWT has reached the MAX line	Empty the dirty water and then reinstall the DWT
Battery level<10% 🔊 Voice prompt: Low power. Please charge the appliance	 Low power	Charge the appliance, or restart
All lights off in operation	 Motor malfunction, battery malfunction, charging abnormality	1.Cool the appliance down and restart 2.Use the original adaptor
Solid blue light on	 Dirt sensor malfunction or blocked	Remove blockages, clean the debris channel, or restart
Self-cleaning icon blinking	 Brush roller is dirty	Start self-cleaning
Drying malfunction	Plug not inserted properly	Check if the plug is properly inserted or if the socket has power
	The brush roller is covered with hard-to-clean debris	Clean the brush roller
	The transparent tray is placed in a low-lying water-filled area, blocking the air inlet	Check if there are any objects or water at the bottom of the tray that block the air inlet
The transparent tray falls off	The transparent tray is not installed properly	To install the transparent tray, press the front end of the transparent tray into place, then press the rear end downwards

Note:

If the above troubleshooting guide fails to provide a solution, please visit our website www.tineco.com for further support.

Warranty

3-YEAR LIMITED WARRANTY

- Only applies to purchases made from authorized retailers of Tineco.
- Is subject to the adherence of the requirements outlined in this instruction manual, and is subject to further conditions outlined below.
- This warranty is governed by and construed under the laws of the country in which the purchase took place. We provide 3-year warranty or a warranty period as stipulated by applicable local law, whichever is longer.

WHAT IS COVERED?

- Your Tineco appliance has a 3-year warranty against original defects in material and workmanship, when used for private household purposes in accordance with the Tineco Instruction Manual. Motorized accessories and battery bought separately come with a 1-year warranty.
- This warranty provides, at no extra cost to you, all labor and parts necessary to ensure your appliance is in proper operating condition during the warranty period.
- This warranty will only be valid if the appliance is used in the country in which it was sold.

WHAT IS NOT COVERED?

Tineco shall not be liable for costs, damages or repairs incurred as a result of:

- Appliances purchased from an unauthorized dealer.
- Careless operation or handling, misuse, abuse and/or lack of maintenance or use not in accordance with the Tineco Instruction Manual.
- Use of the appliance other than for normal domestic purposes, e.g. for commercial or rental purposes.
- Use of parts not in accordance with the Tineco Instruction Manual.
- Use of parts and accessories other than those produced or recommended by Tineco.
- External factors unrelated to product quality and use, such as weather, modifications, accidents, electrical outages, power surges or acts of God.
- Repairs or alterations carried out by unauthorized parties or agents.
- Failing to clear blockage and other hazardous material from the appliance.
- Normal wear and tear, including normal wearing parts, such as clear bin, belt, filter, HEPA, brush bar, and power cord (or where external damage or abuse is diagnosed), carpet or floor damage due to use not in accordance with manufacturer's instructions or failure to turn the brush bar off when necessary.
- Reduction in battery discharge time due to battery age or use.

WARRANTY LIMITATIONS

- Any implied warranties relating to your appliance including but not limited to warranty of merchantability or warranty of fitness for a particular purpose, are limited to the duration of this warranty.
 - Warranty coverage applies to the original owner and to the original battery only and is not transferable.
 - This limited warranty gives you specific legal rights. You may also have other rights which vary by region.
 - Manufacturer's warranties may not apply in all cases, depending on factors such as use of the product, where the product was purchased, or who you purchased the product from.
- Please review the warranty carefully, and contact the manufacturer if you have any questions.

WARRANTY SERVICE

Register: We highly recommend that upon purchase, you register your appliance by logging into our official website (www.tineco.com) or scanning the QR code (see right) to enjoy more exclusive benefits. To register, please enter the whole serial number (found on the back of the appliance). Failure to register your product won't diminish your warranty rights.

How to Claim: Please retain your proof of purchase. To make a claim under our Limited Warranty, you need to provide your serial number and the original purchase receipt with the purchase date and order number on it.

All work will be carried out by Tineco or its authorized agency.

Any replaced defective parts will become the property of Tineco.

Service under this warranty will not extend the period of this warranty.

Medidas importantes de seguridad

CONSERVE ESTAS INSTRUCCIONES

Solo para uso doméstico.

Solo para uso en interiores.

Al usar aparatos eléctricos, se debe seguir siempre una serie de medidas básicas de seguridad, entre ellas las que se indican a continuación.

LEA TODAS LAS INSTRUCCIONES ANTES DE USAR ESTE APARATO. De no seguir todas las advertencias e instrucciones, se podrían producir descargas eléctricas, incendios o lesiones personales graves.

ADVERTENCIA – Para disminuir el riesgo de incendios, descargas eléctricas o lesiones:

1. Este aparato puede ser utilizado por niños a partir de 8 años y personas con discapacidades físicas, sensoriales o mentales, o con falta de experiencia y conocimientos, si están supervisados o han recibido instrucciones sobre el uso del aparato de modo seguro y comprenden los peligros que dicho uso acarrea. Los niños no deben jugar con el aparato. La limpieza y mantenimiento a cargo del usuario no deben ser realizados por niños sin supervisión.
2. El aparato no debe ser utilizado por personas (niños incluidos) con discapacidades físicas, sensoriales o mentales, o con falta de experiencia y conocimientos, a menos que lo hagan bajo supervisión o se les haya dado instrucciones.
3. Use el aparato únicamente en interiores, sobre superficies de suelo sin alfombras como vinilo, azulejos, madera barnizada, etc. Tenga cuidado de no pasar por encima de objetos sueltos ni bordes de alfombras. Si el cepillo se atasca, puede producirse un fallo prematuro de la correa.
4. No permita que se utilice el aparato como un juguete. Es necesario vigilar atentamente el aparato cuando lo usen niños o se utilice cerca de niños, mascotas o plantas.
5. Use el aparato solo como se indica en este manual. Use solo accesorios recomendados por el fabricante.
6. No use el aparato si el cable o el enchufe están dañados. Si el aparato se ha caído o dañado, se ha dejado a la intemperie, ha caído al agua o no funciona como debiera, llévelo a un centro de servicio.
7. No manipule el cargador, incluido el enchufe del cargador, ni los terminales del cargador con las manos mojadas.
8. No introduzca ningún objeto en las aberturas. No use el aparato si alguna de sus aberturas está obstruida. Manténgalo libre de polvo, fibras, pelo y cualquier elemento que pudiera reducir el flujo de aire.
9. Mantenga el pelo, la ropa holgada, los dedos y todas las partes del cuerpo alejados de las aberturas y partes móviles.
10. Tenga mucho cuidado al limpiar escaleras.
11. No aspire líquidos inflamables o combustibles, tales como gasolina, ni lo use en lugares donde pudieran estar presentes.

12. No aspire nada que se esté quemando o humeando como, por ejemplo, cigarrillos, cerillas o cenizas.
13. No use el aparato sin el filtro.
14. Evite puestas en marcha accidentales. Verifique que el interruptor está en posición de apagado antes de tomar el aparato o desplazarlo. Llevar el aparato con el dedo en el interruptor o activar el aparato que tiene el interruptor en posición de encendido puede originar accidentes.
15. Apague siempre el aparato antes de realizar ajustes, cambiar accesorios o almacenarlo. Tales medidas preventivas disminuyen el riesgo de poner el aparato en funcionamiento por accidente.
16. Cargue únicamente con la base de carga especificada por Tineco. Una base de carga adecuada para un tipo de batería puede crear riesgo de incendio si se utiliza con otro tipo de batería.
17. Use los aparatos solo con las baterías Tineco especialmente indicadas para ellos. El uso de cualquier otro tipo de batería puede presentar riesgos de incendio y lesiones personales.
18. Si se hace un mal uso de la batería, el líquido de su interior podría salirse. Evite el contacto con ese líquido. Si hubiera un contacto accidental, lávese con agua abundante. Si el líquido entra en contacto con los ojos, solicite ayuda médica. El líquido que sale de la batería puede causar irritación o quemaduras.
19. No use la batería ni el aparato si estuvieran dañados o modificados. Las baterías dañadas o modificadas pueden presentar comportamientos impredecibles y causar un incendio, explosión o riesgo de lesiones personales.
20. No exponga la batería ni el aparato al fuego o al calor excesivo. Su exposición al fuego o a temperaturas superiores a 130 °C puede causar una explosión.
21. Siga todas las instrucciones de carga y no cargue la batería ni el aparato a temperaturas fuera del rango especificado en las instrucciones. Una carga incorrecta o a una temperatura fuera del rango especificado puede dañar la batería y aumentar el riesgo de que se produzca un incendio.
22. Las reparaciones deben ser realizadas por personal cualificado que utilice únicamente piezas de repuesto idénticas a las originales. Esto garantizará que la seguridad del producto se mantenga.
23. Este aparato contiene células de batería no reemplazables. No modifique ni trate de reparar el aparato ni la batería, a excepción de lo indicado en las instrucciones para su uso y cuidados.
24. Apague siempre el aparato antes de conectar o desconectar la boquilla motorizada.
25. No cargue ni guarde el aparato a la intemperie ni dentro de un vehículo. Cargue, guarde o use la batería únicamente en interiores secos donde la temperatura sea superior a 4 °C, pero inferior a 40 °C. El cargador solo es apto para usarse en interiores.
26. No utilice el aparato para recoger partículas ultrafinas, como cal, cemento, serrín, yeso en polvo o cenizas.
27. No utilice el aparato para recoger objetos afilados, como clavos metálicos, trozos de cristal, clips metálicos o alfileres.
28. No utilice el aparato para recoger sustancias químicas y materiales peligrosos, como disolventes, limpiadores de desagües, ácidos fuertes o álcali fuertes.
29. Deje de utilizar el aparato inmediatamente si se sobrecalienta, hace ruidos inusuales, produce olores inusuales, la succión es baja o gotea electricidad.

30. Apague el limpiador y desconéctelo de la toma de corriente para almacenarlo durante un tiempo prolongado.
31. Limpie siempre el depósito de agua sucia después de cada uso para evitar posibles obstrucciones que pudieran provocar una baja potencia de succión, sobrecalentamiento del motor o reducir la vida útil del aparato.
32. Después del uso, guarde el aparato adecuadamente en lugar seco en interiores.
33. No coloque ni sumerja el aparato en agua estancada ni intente limpiar zonas inundadas.
34. Todos los datos e instrucciones técnicas de este manual se basan en resultados de pruebas de laboratorio de Tineco o de terceros designados. La empresa se reserva todos los derechos de explicaciones finales.
35. Se debe desconectar el enchufe de la toma antes de limpiar o realizar el mantenimiento del aparato.
36. Podría presentarse un peligro si el aparato pisa el cable eléctrico.
37. No utilice el aparato si la profundidad del agua es superior a 5 mm por encima de la superficie.
38. No estire del cable para desenchufar el aparato. Agarre del enchufe, no el cable.
39. Cuando no esté usando la batería, manténgala alejada de objetos metálicos, tales como clips, monedas, llaves, clavos, tornillos y otros objetos metálicos pequeños que pudieran crear una conexión entre los terminales de batería. Cortocircuitar los terminales de la batería puede causar quemaduras o un incendio.
40. Utilice solo productos de limpieza Tineco destinados al uso con esta máquina para reducir el riesgo de incendio y descarga eléctrica.

Ámbito de empleo

1. El limpiador inalámbrico para suelos duros se debe utilizar en suelos duros interiores, como vinilo, azulejos, madera barnizada, etc. Puede que su uso en superficies rugosas no dé resultados óptimos.
2. Mantenga el aparato alejado de fuentes de calor, como chimeneas o radiadores, para evitar la deformación de la carcasa.
3. No utilice el aparato para recoger líquidos inflamables o combustibles, partículas ultrafinas, objetos afilados, materiales peligrosos, productos químicos o cualquier elemento que esté ardiendo o emita humo, tal como se ha descrito anteriormente.

Acerca de la solución de limpieza

1. **ADVERTENCIA** – Utilice solo una solución de limpieza Tineco destinada al uso con esta máquina para evitar el riesgo de incendio y descarga eléctrica.
2. Si accede al motor una cantidad importante de solución de limpieza, podría dañar el aparato.
3. Añada la solución como se indica en el apartado de Funcionamiento. Es recomendable utilizar la solución de limpieza suministrada. No utilice el producto con una solución ácida o alcalina ni con sustancias nocivas para el medio ambiente.

4. Mantenga el aparato fuera del alcance de los niños. Evitar el contacto con los ojos y la piel y, en caso de suceder, enjuagar con agua abundante. Si la irritación persiste, solicite ayuda a un médico. Si se ingiere el producto, solicite ayuda médica.
5. El agua sucia y la solución deben eliminarse de acuerdo con la normativa medioambiental local.

Acerca del aparato

1. No modifique ni trate de reparar el aparato, a excepción de lo indicado en las instrucciones para su uso y limpieza.
2. El aparato solo debe utilizarse con la fuente de alimentación suministrada. Se debe desconectar el enchufe de la toma antes de limpiar o realizar el mantenimiento del aparato.
3. Tenga mucho cuidado al limpiar escaleras.
4. Verifique que el interruptor de encendido está en posición de apagado antes de tomar el aparato o desplazarlo. No deje el aparato tumbado ni inclinado para evitar que entre agua sucia en el motor.
5. Para evitar tropezar accidentalmente con el aparato, colóquelo en la base de carga.
6. Instale siempre correctamente el depósito de agua sucia y el depósito de agua limpia antes del uso.
7. No permita que el aparato o la base de carga se mojen para evitar el riesgo de incendio o lesiones causadas por un cortocircuito.
8. ADVERTENCIA: Para cargar la batería, use únicamente la unidad de suministro extraíble incluida con este aparato.
9. Utilizar solo con la fuente de alimentación <AA2338A>. Este aparato contiene baterías no reemplazables.

Acerca de la base de carga y secado

1. **ADVERTENCIA** – No lo sumerja en agua.
2. **PRECAUCIÓN** – Superficie caliente. Evite el contacto durante el uso.
3. Este aparato tiene un enchufe polarizado (un clavó es más ancho que el otro). El enchufe solo puede insertarse en una toma polarizada de una manera para reducir el riesgo de descarga eléctrica. Si el enchufe no encaja completamente, inviértalo. Si sigue sin encajar, póngase en contacto con un electricista cualificado. No modifique el enchufe de ninguna manera.

Declaración de conformidad de la FCC del proveedor

TINECO / SERIE FLOOR ONE S7

Este dispositivo cumple las disposiciones de la sección 15 de la normativa de la FCC. Su funcionamiento está sujeto a las dos condiciones siguientes:

(1) el dispositivo no puede causar interferencias perjudiciales; y (2) el dispositivo debe aceptar cualquier interferencia recibida, incluidas las que puedan dar lugar a un funcionamiento no deseado.

TINECO INTELLIGENT, INC.

1700 WESTLAKE AVENUE N., SUITE 200, SEATTLE, WA, 98109, EE. UU.

Los cambios o modificaciones no aprobados expresamente por la parte responsable del cumplimiento pueden anular la autoridad del usuario para utilizar el equipo.

Nota: Este equipo se ha sometido a pruebas y se ha determinado que cumple los límites establecidos para los dispositivos digitales de clase B de acuerdo con las disposiciones de la sección 15 de la normativa de la FCC. Estos límites están diseñados para proporcionar una protección razonable contra interferencias perjudiciales en una instalación residencial.

Este equipo genera, utiliza y puede irradiar energía de radiofrecuencia, por lo que si no se instala y se usa como se indica en estas instrucciones, podría producir interferencias perjudiciales en las comunicaciones por radio. Sin embargo, no se puede garantizar que no se produzcan interferencias en una instalación en particular. Si este equipo causa interferencias perjudiciales en la recepción de señales de radio o televisión (que se pueden detectar apagando y encendiendo el dispositivo), recomendamos al usuario que intente corregir dichas interferencias siguiendo una o varias de las siguientes soluciones:

- (1) Cambie la orientación o la ubicación de la antena receptora.
- (2) Aumente la distancia entre el equipo y el receptor.
- (3) Conecte el equipo a una toma de corriente de un circuito diferente al que esté conectado el receptor.
- (4) Consulte al vendedor o a un técnico experto en radio y televisión para obtener ayuda.

Declaración de exposición a la radiación de la FCC

Este equipo cumple con los límites de exposición a la radiación establecidos por la FCC para un entorno no controlado. Este equipo debe instalarse y utilizarse a una distancia mínima de 20 cm entre el radiador y las partes del cuerpo.

Nota

El fabricante no se hace responsable de las interferencias de radio o televisión provocadas por modificaciones no autorizadas en este equipo. Dichas modificaciones podrían anular la autoridad del usuario para utilizar este equipo.

Nota de IC

Este aparato contiene transmisor(es)/receptor(es) sin licencia conformes a las normas RSS sin licencia de Innovation, Science and Economic Development Canada. Su funcionamiento está sujeto a las dos condiciones siguientes:

- (1) el aparato no puede causar interferencias; y
 - (2) el dispositivo debe aceptar cualquier interferencia, incluidas las que puedan dar lugar a un funcionamiento no deseado del aparato.
- Este aparato digital de clase B cumple con la normativa canadiense ICES-003.
 - Este equipo cumple con los límites de exposición a la radiación establecidos por la ISED RSS-102 para un entorno no controlado. Este equipo debe instalarse y utilizarse a una distancia mínima de 20 cm entre el radiador y las partes del cuerpo.

Especificaciones

Producto (aparato)	SERIE FLOOR ONE S7
Tensión	25,2 V $\approx$ 3900 mAh Iones de litio
Potencia nominal	230 W
Tiempo de funcionamiento	28-40 min
Tiempo de carga	4-5 h
Caudal de agua	20-100 ml/min
Capacidad del DAL	aprox. 0,85 l
Capacidad del DAS	aprox. 0,72 l
Resistente al agua	IPX4

Muelle de carga y secado

Entrada (secado)	120 V~ 60 Hz 3,8 A
Entrada (carga)	120 V~ 60 Hz 0,5 A
Salida	30 V $\approx$ 1 A

*Los datos de tiempo de funcionamiento estimados se han obtenido en un laboratorio Tineco.

Eliminación

- La batería contiene materiales dañinos para el medio ambiente y deben retirarse del aparato antes de desecharlo.
- Al retirar la batería, el aparato debe estar apagado.
- Las baterías, los cargadores, los accesorios y el embalaje deben clasificarse para reciclarlos de un modo respetuoso con el medio ambiente. No los arroje al fuego, al agua ni los entierre. No deseche las baterías ni los cargadores junto con la basura doméstica. 
- Si la batería presenta fugas y el líquido entra en contacto con la piel o la ropa, enjuáguelos inmediatamente con agua para evitar irritaciones y consulte con un médico.

Descripción general

- A. Modo interruptor
- B. Encendido/apagado
- C. Pantalla digital
- D. Liberación del depósito de agua sucia
- E. Asa del depósito de agua sucia
- F. Luces LED
- G. Botón de autolimpieza
- H. Botón de Wi-Fi/Silencio/Cambio de idioma
- I. Tubo
- J. Depósito de agua limpia (DAL)
- K. Depósito de agua sucia (DAS)
- L. Cubierta del cepillo de rodillo
- M. Cepillo de rodillo
- N. Solución de limpieza y antiolores
- O. Herramienta de limpieza
- P. Filtro seco
- Q. Bandeja transparente
- R. Muelle de carga y secado

Pantalla digital

A. Modo AUTO

B. Indicador de nivel de batería

C. Indicador de modo de solución

D. Indicador de Wi-Fi

E. DAS lleno o bloqueado

F. Bucle de control de suciedad

(azul o rojo según la cantidad de suciedad)

G. Modo CUSTOM

H. DAL vacío

I. Indicador de cepillo de rodillo atascado

J. Modo SUCTION

K. Icono de batería

L. Logotipo de Tineco

M. Indicador del rodillo del cepillo de secado

N. Icono de autolimpieza

O. Modo MAX

Accesorios

Nota:

Los accesorios pueden variar según el mercado. Si necesita más accesorios, visite www.tineco.com o store.tineco.com.

ES

Solución de limpieza y antiolores

Elimina la suciedad, la suciedad adherida, la grasa y las manchas difíciles de casi todas las superficies duras, como azulejos, mármol, suelos de madera dura barnizados, etc.

Utilice siempre la solución Tineco en el aparato.

Añada un tapón de solución a cada depósito lleno de agua limpia.

Cepillo de rodillo

El suave cabezal de rodillo con cerdas se puede utilizar para aspirar y lavar al mismo tiempo. Se puede limpiar fácilmente con la función de autolimpieza.

Filtro seco

El filtro seco y la red del filtro pueden bloquear partículas grandes y restos para garantizar la durabilidad del aparato.

* Instale el filtro seco antes de usar el aparato, de lo contrario, podría producirse una succión débil.

Herramienta de limpieza

Un cepillo completo para limpiar el DAS, la cámara del cepillo y la abertura.

La herramienta también tiene un extremo de cerdas para eliminar la suciedad y el barro del rodillo y del DAS.

Montaje

Montaje/desmontaje

Nota:

Para obtener información sobre el conjunto del cepillo y el depósito de agua, consulte los apartados de "Funcionamiento" y "Mantenimiento".

ES

Para montar el asa, insértela en el aparato hasta que oiga un chasquido.

En caso de que se deba desmontar el asa, presione el resorte para liberar el asa con una herramienta (por ejemplo, un destornillador) y separe el asa del aparato una vez liberada.

Funcionamiento

Preparación para el uso

Limpiador de suelos

- Antes de utilizar el aparato por primera vez, cárguelo de 4-5 horas (consulte "Instrucciones de carga" para obtener más información).
- * Basado en los resultados de las pruebas de laboratorio de Tineco. Temperatura de laboratorio: 4 °C-40 °C.

Si pulsa el botón ① el aparato se iniciará en el modo AUTO de forma predeterminada. Púlselo de nuevo para apagar el aparato. Para cambiar entre los modos AUTO, MAX y SUCTION, pulse el botón

Consejo:

- Modo Solución/modo Solo agua:
El aparato se enciende de forma predeterminada en modo Solución. Cuando el aparato está en posición vertical, mantenga pulsado durante 3 s para alternar entre ambos modos.
- Cambiar a modo Solo agua:
Bucle LED: Rojo → Azul (usar solo agua)
- Cambiar al modo Solución:
Bucle LED: Azul → Rojo (usar solución de limpieza)

Botón de Wi-Fi/Silencio/Cambio de idioma

- Pulsación corta para ajustar el volumen.
- Pulse dos veces para cambiar de idioma. (Se añadirán más idiomas, consulte el producto real de momento.)
- Mantenga pulsado durante 3 segundos para conectar a la red.

Deja de funcionar

Vuelve a funcionar

El aparato dejará de funcionar cuando se coloque en posición vertical y volverá a funcionar cuando se recline.

* No incline el aparato más de 142° para evitar fugas de agua.

Después del uso, coloque el aparato en la base de carga en vertical para recargarlo y guardarlo.

Nota:

- Es fundamental elegir el modo adecuado según el contenido del depósito de agua limpia para lograr la mayor eficiencia de detección de suciedad.
- No aspire líquidos con espuma.
- Para aspirar el agua que queda en la superficie, el aparato seguirá funcionando 3 segundos después de la desconexión.
