Questions & Answers

1.Q: Why is there only one Earbud with sound? Earbud can't pair with each other?

A: Confirm whether Both Earbuds are Turn On. Please just put a single earbud into the charging case, then long press and hold the charging case button 10 seconds until the white light flashes 2 seconds for the second time, then the pairing data will be removed. Repeat the operation with another earbud. Those 2 earbuds will pair with earbud other again.

2.Q: The earbud is still working after put into charging box.

A: Place the earbuds back in the charging case and close the lid, then earbuds will auto power off and disconnect.

3.Q: Why I can't connect my new device to R09?

A: Please turn off the Bluetooth of the previous device, and then new device tries to connect R09 again.

4.Q: How do I adjust the volume?

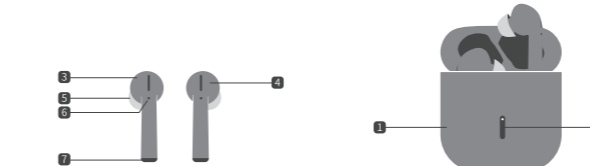

A: You can adjust your phone volume directly.

B: Triple tap the right multifunction touch area to volume up; Triple tap the left multifunction touch area to volume down.

5.Q: After full charged, how long can I use the earbuds?

A: Up to 4 hours music and phone call with 2 single earbud using; 2.5 hours music and phone call with 2 single earbud using; 100 hours standby for single earbud, 50 hours standby for 2 earbuds.
