

FCC ID Label Location

The product does not have enough space to place the label, and FCC ID label is reflected in the user manual and package, as below:

User Manual:

This screenshot shows a PDF document titled "User Manual.pdf" in Adobe Acrobat Pro DC. The document contains a section with a red border, which is the reflected FCC ID label. The text in this section is as follows:

It standard ≤ 5V/1A when 3 compartment from an

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

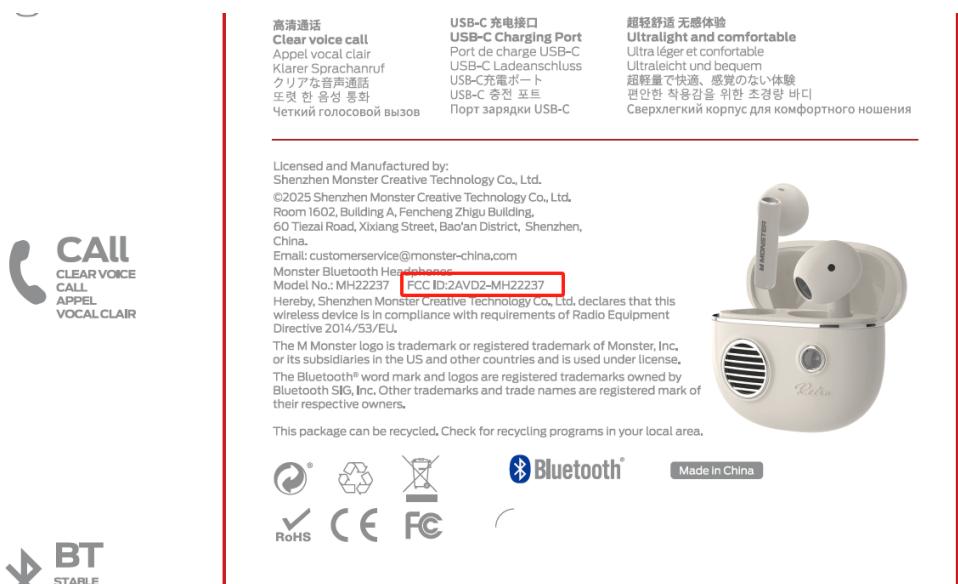

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received. Including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID: 2AVD2-MH22237

Package:

The product packaging features a red vertical line on the left side. At the top of this line, there is a "CALL" logo with a phone receiver icon. Below the logo, the text "CLEAR VOICE CALL APPEL VOCAL CLAIR" is printed. To the right of the red line, there is a list of product features in multiple languages. Further down, there is a section of text about the manufacturer and a "FCC ID: 2AVD2-MH22237" label, which is highlighted with a red box. To the right of this text, there is an image of the product, which appears to be a pair of white wireless earbuds in a charging case. At the bottom of the packaging, there are several small icons: a recycling symbol, a RoHS symbol, a CE symbol, a Bluetooth symbol, and a "Made in China" label.
