A USB-C charging cable (charge only) is included for standard USB compatible device. Please use a 5V/1A or above power adapter (not included). Caution: Other incompatible charges may cause damages. - Do not use if the connector or device is wet or damaged.</p>		Describe	Voice/Tone	Status	Indicator Light	Blue indicator light is flashing	Power on tone	Power on		All lights off	Goodbye	Power off	Indicator Light	Blue indicator light is flashing	Discovering	Not connected		Blue indicator light long on	Your device is connected	Connected	Low battery	-	Battery low	-	Speaker charging	Charging in progress, the red charging indicator light stays on	-	-		After fully charged, the green charging indicator light stays on	-	-	<p>Bluetooth Connection When first used and turned on, the speaker will automatically enter a waiting mode for connection. If the Bluetooth device is already connected, long press "▶" button to disconnect the current connection so that you can connect to another device. The speaker will automatically enter pairing mode if it is not connected to a Bluetooth device. When connecting, enable the Bluetooth function of the mobile phone, search for "Monster Shock Pro" and connect. After the connection is successful, you will hear a voice prompt, the blue indicator light flashing on the main speaker, and the blue indicator light long on the secondary.</p> <p>Volume Control Short press the "+" button to turn up the volume. Short press the "-" button to turn down the volume.</p> <p>Power On/Off To turn on the speaker, press and hold the Power On/Off Button for 2 seconds, you will hear a power on tone. To turn off the speaker, press and hold the Power On/Off Button for 2 seconds, you will hear a power off tone. Caution: If no Bluetooth device is connected, the speaker will turn off in 5 minutes.</p> <p>USB IN (Audio) Playback When speaker is on and USB drive is inserted, USB IN (Audio) is the priority playback source. If you want to use Bluetooth function, press the "M" button to switch the source.</p> <p>Music Control Short press "▶" music can be played or paused. Long press "▶" to go to the previous song. Long press "+" to go to the next song.</p> <p>Micro SD Card Playback When speaker is on and micro SD card (not included) is inserted, micro SD card is the priority playback source. If you want to use Bluetooth function, press the "M" button to switch the source.</p> <p>Call Mode Answer a call: Short press the "▶" button. End the call: Short press the "▶" button. Reject/return a call: Double click the "▶" button.</p> <p>AUX IN Playback When speaker is on and audio source is inserted via AUX IN, AUX IN is the priority playback source. If you want to use Bluetooth function, press the "M" button to switch the source.</p>	<p>EQ function 3 EQ modes, the first is indoor sound effect, the second is outdoor sound effect, and the third is deep bass sound effect</p> <p>Voice assistant Under bluetooth mode, Short Press the "O" button to turn on/off the voice assistant.</p> <p>Power Saving Settings In Bluetooth mode, when no device is connected, the speaker will be switched off automatically in 5 minutes.</p> <p>Caution - It is not recommended to replace the battery privately. - The battery (battery pack or battery pack combination) must not be exposed to sunshine, fire or similar overheated environments.</p>	<p>FCC Statement Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction. FCC ID: 2AV-MS621</p>
