

Photo 9

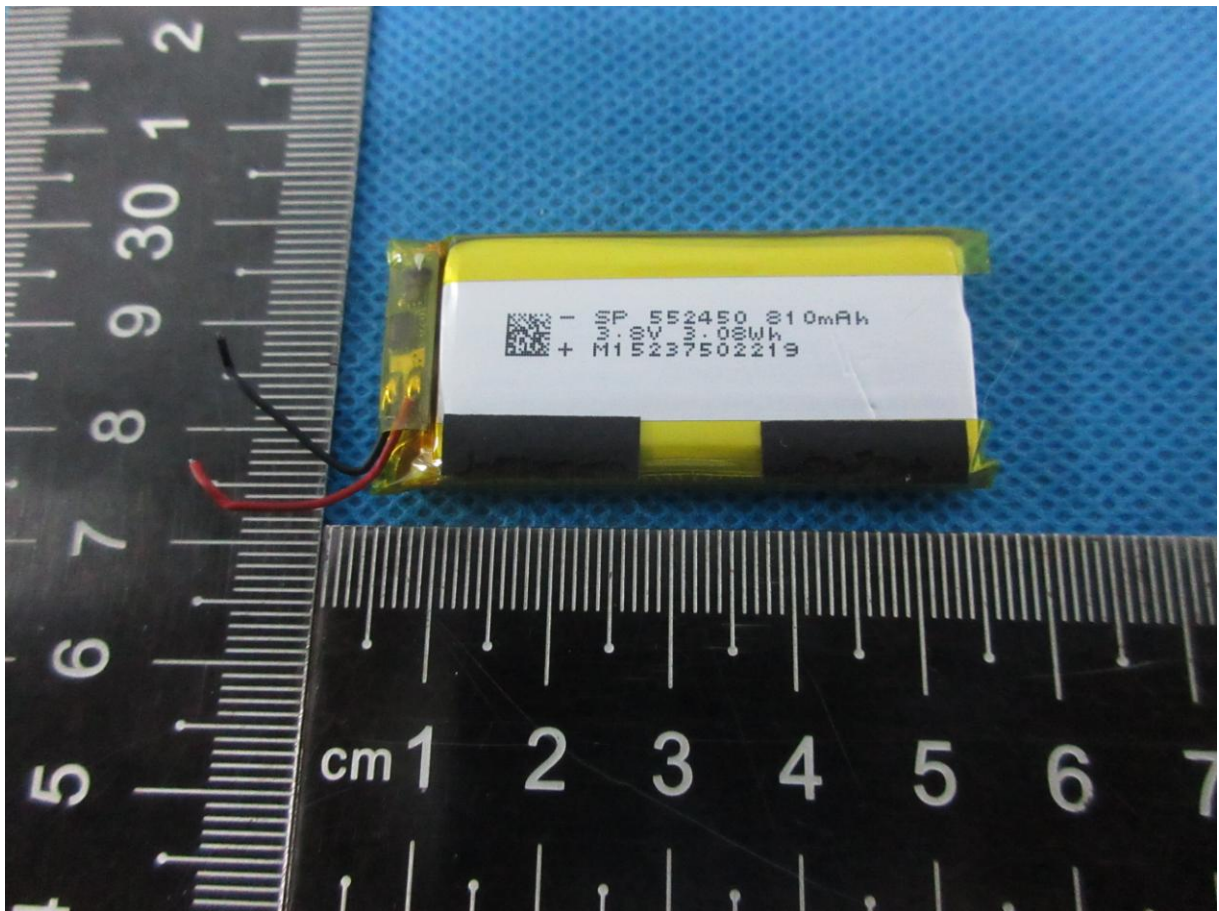

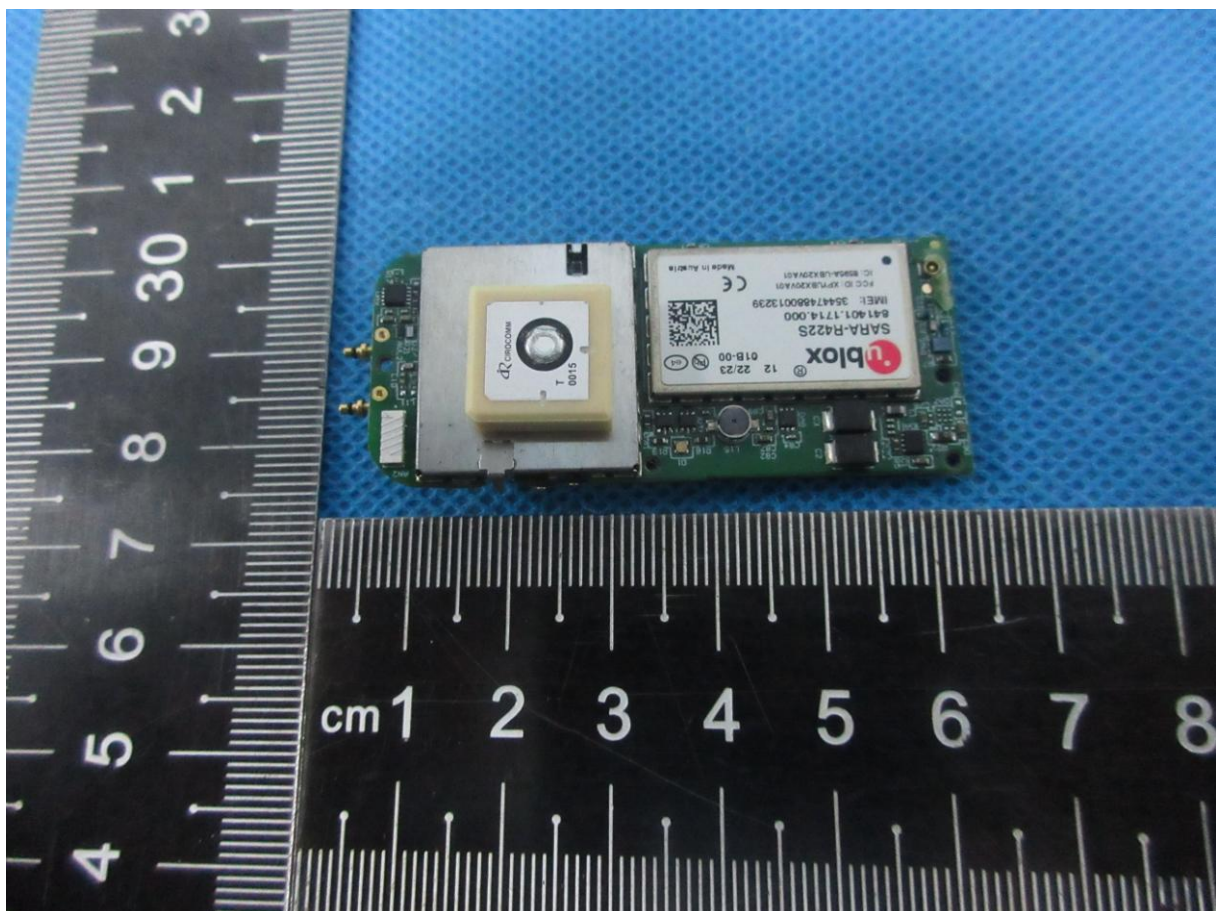

Photo 10

A photograph of a green printed circuit board (PCB) with various electronic components. The board is rectangular with rounded corners and is populated with numerous integrated circuits (chips), capacitors, and other surface components. A small, white, rectangular component, possibly an antenna or a connector, is visible on the right side. The board is placed on a blue textured surface. To the left of the board is a black ruler with white markings in centimeters (0 to 60) and millimeters (0 to 10). The ruler is used for scale. The board has several labels, including "PRODIGE" and "802.11b/g".
