Re: Applicant: CAN Mobilities, Inc.
FCC ID: 2AVFA-CANGO-4G-EC21
Part 2.933(b) Requesting Class II permissive for FCC ID: 2AVFA-CANGO-4G-EC21

The purpose of this letter is to request a Class II Permissive change for FCC ID: 2AVFA-CANGO-4G-EC21.

The major change field under this application is:

1. Enable the model (FCC ID: 2AVFA-CANGO-4G-EC21) to be integrated with BLE inside the same host (Model: CAN Go, FCC ID: 2AVFA-YESWECAN)
2. The subject-approved module is being used in a portable configuration- a walking cane (Model: CAN Go, FCC ID: 2AVFA-YESWECAN), and the distance between the antenna and the human hand is 0mm. The module LTE output power is restricted to 15dBm, and SAR testing was performed to demonstrate RF compliance.

Please let us know if you might require anything further to assist with your review of this Change in Class II Permissive Change.

Best Regards,

Abdullah Hejazi
VP of Engineering
CAN Mobilities
