## Important Regulatory Information

### Safety Information

- Read all Safety Instructions before installation, operation or servicing.
- FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY, OR DAMAGE.
- All electrical work must comply with local electrical and occupational safety codes.
- Battery replacement and battery charging shall only be performed by trained service personnel.
- Use only with battery Model 52-004575 and charger Model CS1200-48. Use of another battery may present risk of fire or explosion.
- RISK OF EXPLOSION if battery is replaced by an incorrect type.
- Scale certification must follow local authorities requirements
- Follow calibration procedures as described by the manufacturer
- Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

### Battery Safety and Handling

- The device is powered by a rechargeable Lithium-Ion battery module.
- The battery used in the cart may present a risk of fire or chemical burn if mistreated.
- Handle battery with care during mounting and dismounting.
- Dismount battery using the key provided.
- Do not disassemble the Battery Pack Module.
- Use of another battery may present risk of fire or explosion.
- Charge the battery using the provided charger. Do not attempt to use other chargers not approved by the manufacturer.
- Do not use damaged battery module.
- Do not use batteries that were dropped.
- Do not use batteries if it is too cold or too hot.
- Dispose of used battery following manufacturer's instructions. Do not dispose of battery in fire. When disposing batteries, keep batteries of different electromechanical systems separate from each other. Tape the exposed terminals of battery (or alternatively, bagging) to help prevent battery from rubbing against other batteries. Keep away from Children.

### Product Information

Amazon Dash Cart  
Model Number: FH7K2H  
Operating Temperature: 0 – 40°C

### Laser Information

This product complies with FDA performance standards for laser products except for conformance with IEC 60825-1:2014, as described in Laser Notice No. 56, dated May 8, 2019.

**CAUTION** - The device is designed to remain within Class 1 laser limits in accordance with IEC 60825-1:2014 under all normal conditions for intended use and foreseeable fault conditions. Tampering with, repair or disassembly of the device, or use of focusing optics may increase the exposure of laser emission to a hazardous level.

CLASS 1 LASER PRODUCT  
(IEC 60825-1:2014 Ed. 3)

### Exempt Group LED Information

This product complies with IEC 62471 EXEMPT GROUP LED illumination.

### Information for Users in United States

Responsible party (contact for FCC matters only): Amazon Retail LLC, 410 Terry Avenue North, Seattle, Washington, 98109.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

FCC ID: 2AVOB-FH7K2H

Contains FCC ID: U73-210780DPX and 2AY4J-TK23

Gate Keeper Wheel (On selected models)

FCC ID: W3Z-9470A

## User Instructions

1. Scan in-store code from your Amazon app.

2. Watch the brief tutorial video to learn how to add items to your cart and check out.
3. For sell-by-weight items, scan the barcode on the sticker, enter the UPC (universal product code), or look up the item by name, place it on the scale, confirm the weight before placing it into the basket.

4. For other items, scan the barcode and place the item into the basket.

5. To complete your shopping, push the cart through the "DASH CART LANE".
