Re: Applicant: Athena GTX, Inc.
FCC ID: **2AVRK-CC3200WFD**
Part 2.933(b) Change in Identification of Equipment

Athena GTX requests a change in identification of a currently certified device under Part 2.933(b).

The original equipment identification is FCC ID: **Z64-CC3200MODR1**
The original Grantee: Texas Instruments Incorporated was granted approval on **2014-10-09**.

The original test data filed by Texas Instruments Incorporated continues to be representative of the newly identified device. There are no changes to the hardware or software.

This change in identification is requested for the newly identified device, FCC ID: **2AVRK-CC3200WFD**, which is physically and electrically identical as defined by Part 2.907, to the original certification for FCC ID: **Z64-CC3200MODR1**, which has singular modular approval.

Photographs as required under Part 2.933(5) and FCC ID label are submitted with this request.

Please let us know if you might require anything further to assist with your review of this Change in Identification of Equipment.

Thank you,

A handwritten signature in blue ink, appearing to read 'Sean Mahoney', with a stylized flourish at the end.

Sean Mahoney
Vice President of Operations and Regulatory Affairs
Athena GTX, Inc.
