Declaration about validity of test result from testing/certification of the integrated DBOARD

Madrid, 13/04/2022

To whom it may concern

This is to confirm that every DBOX 3.1 and 4.0 has one DBOARD inside and all the technical specification related to DBOARD is valid for DBOX.

Then, the results from test reports of the DBOARD according to FCC and ISED standards provided remain applicable, valid and representative under the new conditions for the certification of the host device, DBOX3.1 and DBOX4.0
