

CBX-10Q 15W 产品说明书

尺寸：340*100mm （单页尺寸：68*100mm)

材质：80g书写纸，双面印刷

<div>User Manual</div> <div>Wireless Charger</div> <div></div>	<div>Product Usage Guide</div> <div><p>1.Please connect the product through the Type-C quick charging cable to the QC or PD above power adapter, to ensure that it supports fast wireless charging.</p><p>2. Infrared sensing function: The infrared sensing area (Part ⑥) on the back of the product detects palms or objects (≤10cm) and will rotate the mobile phone charging area 90 ° clockwise. (Note: Don't do rotation and adjust angle at the same time.)</p><p>3. Angle adjustment function: The initial state of the mobile phone charging area is horizontal. Touch or long touch Up Button (Part ⑦) and Down Button (Part ⑧) in the panel, which can adjust the angle of the mobile phone charging area from 0° to 60° stepless. It is compatible with different sizes of Qi-enabled smartphones.</p><p>4. Touch open/ close button (Part ⑨) in the panel to control the earphone and watch charging parts to open or close at the same time. Place the Apple Watch or Samsung Watch to start wireless charging with 2.5W output. Earphones charging part is 2.5W output. There is no charging indicator light when the earphones and watches are charging. (Please make sure the earphone faces up.)</p><p>5. Light control button (Part ⑩), touch to turn on/off the light. Long-press the light button to adjust the light brightness stepless. The product has a memory function for brightness.</p><p>6. When moving the product from the table, gently pull the silicone handle (Part ⑤) as shown in the figure below.</p><p>7. The product charging modules are all electric, so manual operation may cause damage product. If you want to reset the product, you can restart the power, press the button, or perform the infrared sensing function, which will adjust them to the original position.</p></div> <div></div> <div></div>	<div>Product Parts Description</div> <div></div> <div><p>① Charging indicator light</p><p>② Charging area for phone</p><p>③ Charging area for earphone</p><p>④ Charging area for watch</p><p>⑤ Silicone handle</p><p>⑥ Infrared sensing area</p><p>⑦ Up button</p><p>⑧ Down button</p><p>⑨ Open/ close button</p><p>⑩ LED light on/off button</p></div>	<div>Specifications</div> <div><div><p>Model: CBX-10Q</p><p>Input:9VDC3A 12VDC2.5A</p><p>Phone:5W、10W、15W</p><p>Product Standard: Qi2</p><p>Earphone:5W</p><p>Watch Output: 2.5W</p><p>Manufacturer:Shenzhen Mgtech Co.,Ltd.</p></div><div><p>Charging Distance: ≤ 3mm</p><p>Charging Efficiency: ≤70%</p><p>Product Dimension: 76.6*76.6*150.5mm</p><p>Product Material: ABS+Tempered Glass</p><p>Input interface: Type-C port</p><p>FCC ID:2AVSB-CBX-10Q</p></div></div> <div></div>	<div>Indicators and Protection</div> <div><p>1. Standby mode: The ice blue keeps and then turns off after 20 seconds, starts the standby mode.</p><p>2. Charging mode: The ice blue light breathes for about 20 seconds and then turns off. Once the phone is removed, the ice blue light turns on again for 20 seconds and turns off.</p><p>3. Single-touch button to turn on/off the atmosphere light, long-press to adjust the brightness stepless, and the light brightness has a memory function.</p><p>4. FOD function: when put metal or magnet objects on the charger, the ice blue LED light will flashes 6 times and stops charging.</p><p>5. Perfect protective function based on over-voltage, over-current, over-temperature and short-circuit protection.</p></div>	<div>FCC Warning</div> <div><p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p><ul style="list-style-type: none">- Reorient or relocate the receiving antenna.- Increase the separation between the equipment and receiver.- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.- Consult the dealer or an experienced radio/TV technician for help.<p>FCC RF exposure statement: The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.</p></div>
			<div>Fast Wireless Charging requires PD30W or above adapter.</div>		
				<div>Attention</div> <div><p>1.Please do not vigorously extrude or collide.</p><p>2.Please do not dismantle or put it into fire or water when the product is power on,to avoid short circuit or leakage.</p><p>3.Please do not use it in severely high temperature,high humidity or corrosive environment,to avoid damage to the circuit leakage.</p><p>4.Please do not put the magnetic strip or chip card (Such as ID card, bankcard etc.)on the charging pad to avoid to cause magneticcard lose efficacy.</p><p>5.Please do not put the metal (Such as coin etc.) on the chargingpad when charging,to avoid damage from heating.</p></div>
