

# DC-23F 15W 产品说明书

尺寸: 340\*100mm 双面印刷

材质: 128克铜版纸

<h2>User Manual Wireless Charger</h2> 	<h3>Product Introduction</h3> <p>This is a multifunctional desktop magnetic 3 in 1 auto rotation wireless charger, which can wirelessly charge mobile phones, headphones, and watches at the same time by power supply. Bid farewell to wired shackles and start wireless experience.</p> <h3>Product Usage Guide</h3> <ol style="list-style-type: none"><li>1. Please connect the product through the Type-C quick charging cable to the QC or PD above power adapter, to ensure that it supports fast wireless charging.</li><li>2. The mobile phone charging area is foldable and movable, with built-in magnets, to be compatible with magnetic phones and different sizes of Qi-enabled smartphones.</li><li>3. Watch charging area is 2.5W output and a movable charging part, push the watch charging area to the right according to the track. Place the Apple Watch or Samsung Watch to start wireless charging with 2.5W output.</li><li>4. Earphone charging area is 2.5W output, place the earphone case to start wireless charging with 2.5W output.</li></ol>	<h3>Product Parts Description</h3>  <p>1 Charging area for phone 2 Charging area for watch 3 Indicator light for phone 4 Indicator light for earphone 5 Indicator light for watch 6 Charging area for earphone 7 Type-C input port 8 Lanyard hole</p>	<h3>Specifications</h3> <p>Model: DC-23F Input: 12V/3A, 9V/3A Output: 15W Max Product Standard: Qi2 Earphone Output: 2.5W Watch Output: 2.5W Manufacturer: Shenzhen Mgctech Co.,Ltd. FCC ID: 2AVSB-DC-23F</p> <p>Charging Distance: ≤ 3mm Charging Efficiency: ≤ 70% Product Dimension: 74.1*74.1*46.3mm Product Material: Aluminum Alloy + Tempered Glass Input interface: Type-C port</p>	<h3>Indicators and Protection</h3> <ol style="list-style-type: none"><li>1. Standby mode: The white light turns on for 10 seconds and then turns off, start the standby mode.</li><li>2. Charging mode: When the earphone/watch/mobile phone is charging, the white light turns on for 10 seconds and then turns off. If you take away any device, the light will not turn on, start the standby state.</li><li>3. Indicator light: The three indicator lights from left to right are of the mobile phone, earphones, and watch. The three indicator lights are displayed independently.</li><li>4. FOD function: when put metal or magnet objects on the charger, the mobile phone indicator light will flash 6 times and stop charging.</li><li>5. Perfect protective function based on over-voltage, over-current, over-temperature and short-circuit protection.</li></ol>	<h3>FCC Warning</h3> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"><li>- Reorient or relocate the receiving antenna.</li><li>- Increase the separation between the equipment and receiver.</li><li>- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li><li>- Consult the dealer or an experienced radio/TV technician for help.</li></ul> <p>FCC RF exposure statement: The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.</p>
		 <p>Fast Wireless Charging requires PD30W or above adapter.</p>		<h3>Attention</h3> <ol style="list-style-type: none"><li>1. Please do not vigorously extrude or collide.</li><li>2. Please do not dismantle or put it into fire or water when the product is power on, to avoid short circuit or leakage.</li><li>3. Please do not use it in severely high temperature, high humidity or corrosive environment, to avoid damage to the circuit leakage.</li><li>4. Please do not put the magnetic strip or chip card (Such as ID card, bankcard etc.) on the charging pad to avoid causing magnetic card loss of efficacy.</li><li>5. Please do not put the metal (Such as coin etc.) on the charging pad when charging, to avoid damage from heating.</li></ol>
