FCC WARNING STATEMENT

Warning: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- -Reorient or relocate the receiving antenna.
- -Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- -Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: 2AVV6-802961

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 15&20cm between the radiator and your body.

IMPORTANT SAFETY INSTRUCTIONS

- This product is suitable for use within the temperature range of 0° to 35° (32°F to 95°F). Storage temperature is 20° to 60°C (68°F to 140°F)
- Avoid using or storing this product in direct sunlight, near heating equipment, or in other high-temperature environments. Do not immerse in water.
- 3. Do not attempt to disassemble or repair it yourself.
- 4. Supervise children when using this product.
- Keep the wireless charging area clear of metal or objects. Avoid placing magnetic stripe cards (e.g., credit cards, phone cards, bank books, and record cards) near the wireless charger to prevent damage from the magnetic field.
- 6. No guarantee can be applied in case of misuse.
- The manufacturer declines all responsibility for material damage or damage to physical or moral due to misuse and / or non-compliance with safety instructions.
