**3 in 1 WIRELESS CHARGING STAND**

**USER MANUAL**

**PRODUCT DIAGRAM**

**PHONE OUTPUT** 15W MAX    **SMART WATCH OUTPUT** 3W MAX  
**EARBUD OUTPUT** 5W MAX    **MAX OUTPUT** 23W MAX

Thank you for choosing our Wireless Charging Stand, please read this manual carefully and keep it properly before you use it.

**PRODUCT SPECS**

Product name: 3in1 Wireless Charging Stand  
 Model#: 827072  
 Interface: Type-C  
 Input: 9V/3A  
 Phone Output: 5W/7.5W/10W/15W Max  
 Material: ABS+PC+Zinc alloy  
 Magnetic Load-bearing: 1100g

Weight: 260g  
 Supports: iPhone 12/13/14/15/16, Airpods 2/3/Pro 2, Apple Watch 3-8/SE/Ultra, and Qi standard wireless charging equipment

**WHAT'S IN THE BOX**

1x - 3in1 Charging Stand    1x - User manual  
 1x - 6ft USB-C Charging cable    1x - 30W Mini USB-C Wall Charger

**INSTRUCTIONS**

1. Connect the USB-C end of the charging cable to a wall charger and the USB-C end to the back of the charging stand. For watch charging: Place the watch in the designated charging area, and the washer will automatically secure it for charging. (The watch will audibly click to indicate successful charging initiation.)
2. Place the mobile phone in the transmitting area, ensuring that the receiving area of the phone aligns with the wireless charger's transmitting area, typically located in the middle of the phone. The product's green light will remain illuminated during this process.
3. Position the wireless-enabled earbuds case in the wireless charging area, aligning the charging surface of the case with the product's transmitting area. The product's blue light will remain illuminated during this process.

**FCC WARNING STATEMENT**

**Warning:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: 2AVV6-827072

**RF Exposure Information**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

**IMPORTANT SAFETY INSTRUCTIONS**

1. This product is suitable for use within the temperature range of 0° to 35° (32°F to 95°F). Storage temperature is -20° to 60°C (-4°F to 140°F)
2. Avoid using or storing this product in direct sunlight, near heating equipment, or in other high-temperature environments. Do not immerse in water.
3. Do not attempt to disassemble or repair it yourself.
4. Supervise children when using this product.
5. Keep the wireless charging area clear of metal or objects. Avoid placing magnetic stripe cards (e.g., credit cards, phone cards, bank books, and record cards) near the wireless charger to prevent damage from the magnetic field.
6. No guarantee can be applied in case of misuse.
7. The manufacturer declines all responsibility for material damage or damage to physical or moral due to misuse and / or non-compliance with safety instructions.

Made in China

**PRODUCT MARKINGS**

 CE marking European Conformity, complies with EU requirements, such as EU directives and standards.

 This product is designed to minimize potential interference with other electronic devices and is in accordance with FCC guidelines.
