Status LED	Light Status	Description
	Indicator light off	Device shutdown
	Solid red light	Device abnormal/not connected
	Flashing red light	Firmware upgrading
	Solid yellow light	Device boot
	Flashing yellow light	Weak 4G network signal
	Solid blue light	Equipment operating normally
	Flashing blue light	Payment successful

3 Specifications

Operating System	Android 10.0
SoC Platform	Qualcomm SDM450
Processor	8 Core A53 1.8GHz
Monitor	Main screen: 8 inch HD IPS LCD Resolution: 1920*1080 Secondary screen: 5 inch HD IPS LCD Resolution: 1280*1080
Storage	RAM 2GB & ROM 16GB
Touch Screen	Multi-touch capacitive screen
WI-FI	2.4G/5G Dual frequency supporting 802.11a/b/g/n/ac
Bluetooth	Bluetooth 4.2
Camera	Binocular camera
Speaker	Mono 1.5W
Power input	AC 12V / 3A
USB Interface	USB 2.0 Type-A *3 support only Master
Operational Environment	0 ~ 40 degree Celsius
Storage Environment	-30 ~ 60 degree Celsius

4 Environmental Protection

Part Name	Toxic and Hazardous Substances or Elements					
	Pb	Hg	Cd	Cr-VI	PBB	PBDE
Circuit board components	X	○	○	○	○	○
Housing components	○	○	○	○	○	○
Plastic components	○	○	○	○	○	○

Metal components	○	○	○	○	○	○
Monitor	○	○	○	○	○	○
Appendix	○	○	○	○	○	○

This form is compiled in accordance with the regulations of SJ/T11264.

○: Indicates that the content of the hazardous substance in all homogeneous materials of the part is within the limit requirements specified in GB/T26572

X: Indicates that the content of the hazardous substance in at least one of the homogeneous materials of the part exceeds the limit requirement of GB/T26572; but the content of the parts marked with "x" in the above table exceeds the content because the industry has not yet matured alternatives technology

Products that have reached or exceeded the environmental protection service life should be recycled in accordance with the "Administrative Measures for the Control of Electronic Information Products" and should not be discarded at will.

Declaration of Responsibility

- To the maximum extent permitted by law, the products (including its hardware, software, firmware, etc.) described in this manual are provided as what it is. It is possible to have flaw, error or malfunctions. Our company does not provide any express or implied warranty, including but not limited to merchantability, quality satisfaction, suitability for specific purposes, non-infringement of third-party rights, etc.; Nor will we make compensation for any special, incidental or indirect damages caused by using the manual or products, including but not limited to loss of business profits, data or documents.
- When installing the product, the customer should take measures against risks such as theft, destruction, and unauthorized access, such as using the product in a place where the manager and employees can see it. We are not responsible for any problems such as physical damage or information leakage.
- If you connect the product to the network, you should take risks at your own, including but not limited to network attacks, hacker attacks, virus infections, etc. Our company will not be responsible for abnormal problems such as information leakage caused by this, but we will provide you with product-related technical support in a timely manner.
- When using this product, please strictly follow the applicable laws. If the product is used to infringe the rights of third parties or for other improper purposes, our company will not bear any responsibility. In case of any conflict between the applicable law and this manual, the law shall prevail.

FCC Warning

Changes or Modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and founded to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and ca radiate radio frequency energy, and if not installed and used in accordance with instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with FCC radiation exposure limits set forth an uncontrolled environment. This device should be installed and operated with minimum distance 20cm between the radiator & your body.
