

DT1104-0100 MODULE OMISSION DECLARATION

Document Date 21 August 2020

Name of Manufacturer Definium Technologies Pty Ltd

Address of Manufacturer 6/16 Goodman Court, Invermay TAS 7248

Subject FCC ID: 2AW4U-DT1104-0100
DT1104-0100 Module Placement Confirmation

The DT1104-0100 device sent for testing to EMC Technologies has both the LoRa Radio and a pre-approved cellular Ublox module populated [FCC ID: XPY2AGQN4NNN, IC: 8595A-2AGQN4NNN].

The device was designed to allow for either variant to be built on the same PCB.

The device for which Definium Technologies is seeking approval does not have the pre-approved cellular Ublox module populated.

The device is electrically identical whether pre-approved Ublox module is populated or not.

Signed

Name: Mike Cruse
