

Safety and Regulatory Guidelines

Use and Cleaning Instructions

1. The user must be next to the product when using it. Do not roast beans for more than 20 minutes at a time.
2. Ensure that the roaster door and lower bean tray are tightly closed when roasting.
3. In the event of an abnormality during roasting, turn off the power immediately. Open the door once the outer shell of the machine is completely cooled down.
4. If the Bluetooth is disconnected during roasting and the temperature of the machine is higher than the safety mechanism, the roaster will automatically shut down if the Bluetooth connection is not resumed within 30 seconds.
5. Do not roast anything other than coffee beans in this product.
6. Do not use this product outdoors. This product must be placed in a dry and well-ventilated environment and should be placed in an area with at least 20cm of clearance around the product.
7. Do not place this product on an uneven surface. To avoid fire, do not place the roaster on or next to non-heat-resistant, flammable materials, or next to flammables (such as curtains) or heat generating appliances, electric heaters or gas stoves.
8. To avoid being burned, do not touch the machine body and always wear gloves when using the roaster.
9. **Please clear out the chaff after each use to avoid residual chaff from catching fire.**
10. Unplug the machine before cleaning and wait for it to cool down to assemble or remove accessories.
11. Clean the coffee oil collection tank periodically.
12. Do not soak or splash water onto the product. Use water or neutral detergent when cleaning.
13. To have a clear view of the color change of coffee beans during roasting, please wipe the bean-viewing window on a regular basis.
14. **To avoid danger, do not use an extension cable or share power sockets with another appliance.**
15. Do not allow children to use this product unsupervised. Do not use it where infants can gain access.
16. To prevent electric shock, do not put the power cable, plug or other parts in water.
17. Please ensure the power supply used is the same as the rated voltage marked on the product. Properly insert the plug into a power socket to avoid electric shock, short circuit, smoke or fire.
18. Immediately stop using the power socket if it is damaged. Only resume use once it is

repaired.

19. This product is for home use only.

【法規資訊】

- 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率，加大功率或變更原設計之特性及功能。
- 低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前項合法通信，指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

ISED Statement:

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is

subject to the following two conditions:

- (1) this device may not cause interference,
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

L' émetteur exempt de licence contenu dans le présent appareil est conforme aux CNR d' Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L' exploitation est autorisée aux deux conditions suivantes :

- (1) L' appareil ne doit pas produire de brouillage;
- (2) L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.

FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
-

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and a human body.

如果電源軟線損壞，為了避免危險，必須由製造商、其維修部或類似部門的專業人員更換。

不能在外接定時器或獨立的遙控控制系統的方式下運行。

如果电源软线损坏，为了避免危险，必须由制造商、其维修部或类似部门的专业人员更换。

不能在外接定时器或独立的遥控控制系统的方式下运行。

Dieses Gerät kann von Kindern ab 8 Jahren und darüber sowie von Personen mit verringerten physischen, sensorischen oder mentalen Fähigkeiten oder Mangel an Erfahrung und Wissen benutzt werden, wenn sie beaufsichtigt oder bezüglich des sicheren Gebrauchs des Gerätes unterwiesen wurden und die daraus resultierenden Gefahren verstehen.

Kinder dürfen nicht mit dem Gerät spielen.

Reinigung und Benutzer-Wartung dürfen nicht von Kindern ohne Beaufsichtigung durchgeführt werden.

Wenn die Anschlußleitung dieses Gerätes beschädigt wird, muß sie durch den Hersteller oder seinem Kundendienst oder eine ähnliche qualifizierte Person ersetzt werden, um Gefährdung zu vermeiden.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

Children shall not play with the appliance.

Cleaning and user maintenance shall not be made by children without supervision.

If the supply cord is damaged, it must be replaced by the manufacturer or its service agent or similar qualified person in order to avoid a hazard.

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Children should be supervised to ensure that they do not play with the appliance.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
Children shall not play with the appliance.
Cleaning and user maintenance shall not be made by children without supervision.

The appliance is not to be used by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction.

Children being supervised not to play with the appliance.

appliances are not intended to be operated by means of an external timer or separate remote-control system

This appliances is intended to be used in household and similar applications such as:

- staff kitchen areas in shops, offices and others working environments;
 - farm houses;
 - by clients in hotels, motels and other residential type environments;
 - bed and breakfast type environments.
-

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

Do not dispose of electrical appliances as unsorted municipal waste, use separate collection facilities.

Contact your local government for information regarding the collection systems available.

If electrical appliances are disposed of in landfills or dumps, hazardous substances can leak into the groundwater and get into the food chain, damaging your health and well-being.

When replacing old appliances with new ones, the retailer is legally obligated to take back your old appliance for disposal at least for free of charge.

INFORMAZIONE AGLI UTILIZZATORI

Ai sensi dell' art. 26 del Decreto Legislativo 14 marzo 2014, n. 49 "Attuazione della Direttiva 2012/19/UE sui rifiuti di apparecchiature elettriche ed elettroniche (RAEE)"

Il simbolo del cassonetto barrato riportato sull'apparecchiatura o sulla sua confezione indica che il prodotto alla fine della propria vita utile deve essere raccolto separatamente dagli altri rifiuti per permetterne un adeguato trattamento e riciclo.

L'utente dovrà, pertanto, conferire gratuitamente l' apparecchiatura giunta a fine vita agli idonei centri comunali di raccolta differenziata dei rifiuti elettrici ed elettronici, oppure riconsegnarla al distributore secondo le seguenti modalità:

-per apparecchiature di piccolissime dimensioni, ovvero con nessun lato esterno superiore a 25 cm, è prevista la consegna gratuita senza obbligo di acquisto presso i distributori con una superficie di vendita delle apparecchiature elettriche ed elettroniche superiore ai 400 m2. Per distributori con dimensioni inferiori, tale modalità è facoltativa.

-per apparecchiature con dimensioni superiori a 25 cm, è prevista la consegna presso tutti i distributori in modalità cd. "1contro1" , ovvero la consegna al distributore potrà avvenire solo all'atto dell'acquisto di un nuovo prodotto equivalente, in ragione di uno a uno.

L'adeguata raccolta differenziata per l' avvio successivo dell'apparecchiatura dismessa al riciclaggio, al trattamento e alia smaltimento ambientalmente compatibile contribuisce ad evitare possibili effetti negativi sull'ambiente e sulla salute umana e favorisce il reimpiego e /o riciclo dei materiali di cui è composta l'apparecchiatura.

Entsorgen Sie elektrische Geräte nicht im Hausmüll, nutzen Sie die Sammelstellen der Gemeinde.

Fragen Sie ihre Gemeindeverwaltung nach den Standorten der Sammelstellen.

Wenn elektrische Geräte unkontrolliert entsorgt werden, können während der Verwitterung gefährliche Stoffe ins Grundwasser und damit in die

Nahrungskette gelangen, oder die Flora und Fauna auf Jahre vergiftet werden.

Wenn Sie das Gerät durch ein neues ersetzen, ist der Verkäufer gesetzlich

verpflichtet, das alte mindestens kostenlos zur Entsorgung entgegenzunehmen

This telecommunication equipment conforms to NTC technical requirement.

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and a human body.
Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et un corps humain.
