

Box Includes

LifeTemp Thermometer X 1
CR1620 Battery X1

Quick Start Guide

1. Press and hold the button on the device for 5 seconds to power on.
2. Go to “Settings” > “Device”.
3. Tap the “Add Device” button.
4. Choose the device you want to connect while pressing and holding the button on your device.

Once connected the device will flash green lights.

Warning

1. Do not place device in surroundings where temperatures surpass 80°C as the magnet will demagnetize.
2. Do not place device near anywhere that might get affected by magnets.
3. Do not disassemble, charge, crush or expose to fire or high temperatures.
4. Keep out of reach of children.
5. Do not take apart the device except for changing the battery.
6. Children under 12 and the elderly needs to be supervised when using this device.
7. Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NCC Statement

(Administrative Regulations on Low Power Radio Waves Radiated Devices)

Article 12:

Without permission granted by the NCC, any company, enterprise, or user is not allowed to change frequency, enhance transmitting power or alter original characteristic as well as performance to a approved low power radio-frequency devices.

Article 14:

The low power radio-frequency devices shall not influence aircraft security and interfere legal communications; If found, the user shall cease operating immediately until no interference is achieved.

The said legal communications means radio communications is operated in compliance with the Telecommunications Act.

The low power radio-frequency devices must be susceptible with the interference from legal communications or ISM radio wave radiated devices.

NCC 警語

低功率電波輻射性電機管理辦法

第十二條 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

第十四條 低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。

前項合法通信，指依電信法規定作業之無線電通信。

低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射

FCC Statement

Part 15B compliance statement:

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.
