

## Differences Description

We Remark Holdings, Inc. state:

**Product :** rPAD

**Model Name :** RM-TFR8, RM-TFR8-XXXX

**Trade Name:** REMARK 

**FCC ID:** 2AWI7RMTFR8

The electrical circuit design, layout, components used and internal wiring for above models are identical, only different in different software versions and configurations.

XXXX:Represents different software versions and configurations

The first X represents A~Z, which means different operation configuration modes.

a. stand-alone version that can be used alone,

b. multi-machine version that needs to be used in combination.

The last three XXX represents 0-9, different numbers represent different system software versions, and different software version does not produce a difference between EMI and RF.
