

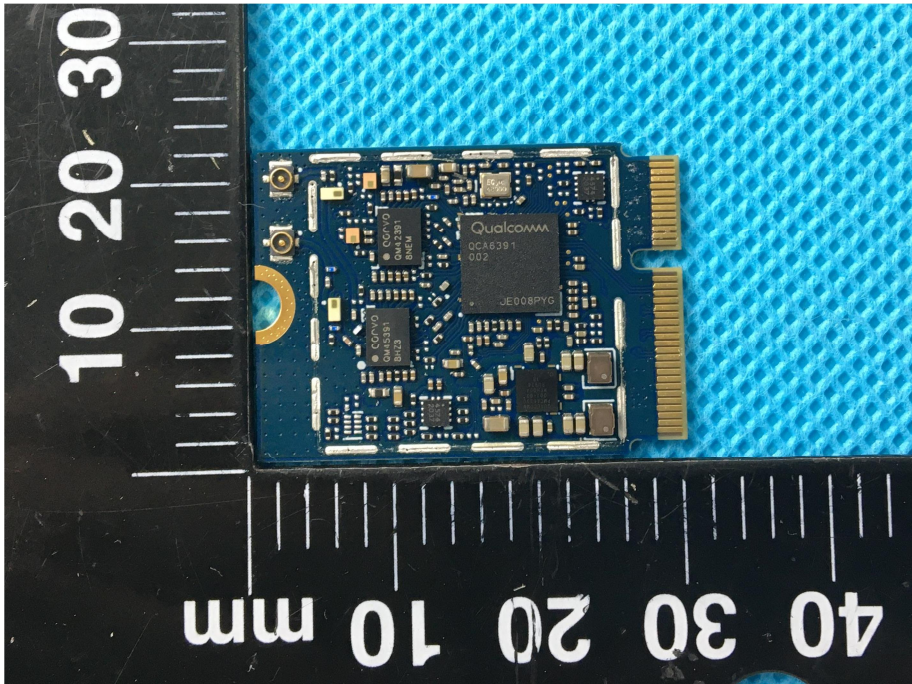

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Solder Board-Component View 1	 A photograph of a blue printed circuit board (PCB) component, likely a modem or network card, resting on a blue textured surface. A black ruler with white markings is placed vertically to the left of the component, showing measurements in millimeters. The component features a large Qualcomm chip with the part number QC46391 and JE008PYG. Other smaller components and solder points are visible on the board.
Antenna View	Antennal model:RFA - 27 - C38H1 - MHF4300  A photograph showing two black, cylindrical antennas with coiled cables, standing upright on a blue textured surface. To their right, two thin, curved black cables are laid out. A red rectangular box highlights the base of the two antennas, and another red rectangular box highlights the two thin cables. Red lines connect the text labels to these specific components. Antennal model:RFA - 27 - JP326 - MHF4300
