

N130 User Manual

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference caused by other devices. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

– Reorient or relocate the receiving antenna.

– Increase the separation between the equipment and receiver.

– Connect the equipment into a circuit different from that to which the receiver is connected.

– Consult the dealer or an experienced radio/TV technician for help.

Specific Absorption Rate (SAR) Information

This Mobile Phone meets the government's requirements for exposure to radio waves. The

Phone has been tested and found to comply with the IEEE C95.1-2005 standard for exposure to radio waves. The

Phone has been tested and found to comply with the IEEE C95.1-2005 standard for exposure to radio waves. The

3. Dedicated key: Customize the shortcut functions of the Up, Down, Left, and Right keys.
4. Schedule power on/off: Set the time when the phone will be automatically powered on or off.
Tools
Calculator
The calculator can add, subtract, multiply and divide.
Bluetooth
With Bluetooth, you can make a wireless connection to other compatible devices, such as mobile phones, computers, headsets and car kits. You can use the Bluetooth to send images, video clips, and audio files.
Calculator
The calculator can add, subtract, multiply and divide.
Calendar
Once you select this function, there is a monthly-view calendar for you to view the date.
Torch
Long press the center key to switch on or off in the standby interface.
FM radio
You can activate radio function that can auto scan channels.
Games
This phone includes the game Snakes. For instructions, please refer to

"Help" option of the game.

Do's and Don'ts for Proper E-waste Disposal
Do's

- Ensure that an authorized person regains your device.
- Call the local Authorized Collection Centers to dispose products.
- Always drop your used electronic products, batteries or any accessories thereof after the end of their life at nearest Authorized Collection Centers.
- Separate the packaging material according to responsible waste disposal options and sorting for recycling.
- Always store your mobile phone, when you do not intend to use the product anymore.
- The Customer should use the same chargers and battery which came with original product.
- Using other chargers or battery will badly impact the device performance that could render it out of warranty.
- When you are not using the device at a particular time, charge it for at least 3 hours to improve battery efficiency.

Don'ts

- Do not dismantle your device on your own.
- Do not dispose of the mobile device in landfills.
- Never dump mobile device in garbage bins.
- Do not dispose of the product at municipal waste bins.
- Do not throw used batteries into household waste.

Caution:
For Adopter: Shall be installed near the equipment and shall be easily accessible.
For Battery: Possible risk of explosion battery is replaced by an incorrect type, dispose of used batteries according to the instructions.

 To prevent possible hearing damage, do not listen at high volume levels for long periods.
