RE: Confidential Treatment for FCC ID **2AWRO-8768**

To whom it may concern:

On behalf of **Abyssal Plain LLC** and its affiliates, I write to request the confidential treatment of the item described below, each of which are attached as exhibits to the equipment authorization application for FCC ID: **2AWRO-8768**. This request is made pursuant to 47 C.F.R. §0.457 and 47 C.F.R. §0.459.

Short-Term Confidentiality

We request 180 days of confidential treatment (from the date of grant of the equipment authorization for FCC ID: **2AWRO-8768**, for the following confidential materials contained in our application:

- Test setup photos
- Internal photos
- External photos
- User Manual

These materials contain proprietary information about our device that is not publicly available, and we only share this information with third parties who are committed to maintaining the confidentiality of such information. Disclosure of this information prior to our marketing of our device would be detrimental to our business and impair our ability to successfully launch the device.

Long-Term Confidentiality

We request indefinite confidential treatment for the following confidential materials contained in our application:

- Antenna Specifications

- Schematics
- Block diagram
- Part List
- Operation Description
- Tune-up Procedure

These materials contain sensitive technical and design information about our device that we would only share on a need-to-know basis, subject to confidentiality agreements, even after we begin marketing and selling the device. If this information is disclosed, our competitors would gain an unfair commercial advantage over us by learning about our product design and development processes. This in turn would significantly harm our ability to compete in a highly competitive market space.

Please let me know if you have any questions or concerns. Thank you in advance for your time and support of our request.

Yours Truly,

A handwritten signature in blue ink, appearing to read "Brian Harrison", written over a horizontal line.
