List of toxic and hazardous substances						
	Harmful Substance					
	Pb	Hg	Cd	Cr(VI)	PBB	PBDE
Built-in circuit board	×	0	0	0	0	0
shell	×	0	0	0	0	0
Accessories	×	0	0	0	0	0

This form is prepared in accordance with the provisions of SJ/T 11364.

0: It means that the content of the hazardous material in all homogeneous materials of the part is under the limit requirements of GB/T 26572.

X: indicates that the content of the hazardous substance in at least one homogeneous material of the component exceeds the limit requirements of GB/T26572.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ -Reorient or relocate the receiving antenna.
- ▶ -Increase the separation between the equipment and receiver.
- ▶ -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ -Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

CE Maintenance

1.Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.

2.EUT Operating temperature range: 0° C to 40° C .

3.The device complies with RF specifications when the device used at 0mm from your body.

Declaration of Conformity

We hereby declares that this SmartMic is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU.In accordance with Article 10(2) and Article 10(10),This product is allowed to be used in all EU member states.

FCC ID : 2AWXR-SMARTMIC
