5	Top cover	11	UV light
6	zone sterilizer	12	Power connection

特色功能 Features

1 99.9%Serilizing[1]
UV+ozone double

Meet intelligent sterilizing cat toilet adopts UV + ozone double sterilization technology. After the pets leave the toilet, the cat toilet will be disinfected from the cabin to the dust box, and the bacteria, parasites and viruses will be inactivated to make them lose vitality and fecundity, and the removal rate is more than 99.9%.

2   Three types of protection

●**Firstly: Radar sensor wall system**
Through the new Radar anti pinch technology, a virtual sensor wall is formed around the cat toilet. As long as the pet is detected to be close, the machine will stop immediately.

●**Secondly: Four point gravity sensing system**
Four gravity sensor device can accurately identify the entry and exit of pets, and it can only operate after leaving the rear.

●**Thirdly: Door sensor system**
According to the design concept of the aviation door, a high sensitive anti clamping sensor is added at the entrance of the dust box. In case of foreign matters, the excrement removal work is stopped immediately and the operation is reversed.
3 Tuya global servers
MEET PET APP's IOT project

●**Powered by Tuya®** tuya
This product joins the "powered by Tuya" IOT system[2], which can easily control each other with different brands and categories of products, and realize the linkage between Meet smart sterilizing litter cabin and other intelligent products. The system enables more than 90000 products, with 500 kinds of enabling products, ranking first in the world.

1-消毒依据及方法：《消毒技术规范》卫生部2002年版-2.1.5.4
2-"Powered by Tuya"是由涂鸦智能搭建的一个互联互通的智能体系，详细使用方法请登录涂鸦官网www.tuya.com咨询。

小贴士 Tips

How to let the cat accept the new toilet?

1 For the first use, a small amount of used litter can be laid on the surface of the new litter to familiarize the cat with the smell.

2 Change it into manual mode when cat first use the machine.

3 Operate the machine in front of the cat to let them know its not a threatening thing.

4 Reward the cat by placing some snacks nearby the machine.

5 Put the new machine nearby the old toilet, do not cleaning the old toilet,cats prefer a clean toilet,they will chose to use the new one.

用前检查 Pre-use Inspection

CAT LITTER

Pour cat litter into the ballroom

FCC statement

This device complies with Part 15 of the FCC Rules: Operation is subject to the following two conditions:

1. This device may not cause harmful interference and

2. This device must accept any interference that is received, including any interfer ence that may cause undesired operation.

RF exposure warning :

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body. This device is acting as slave and operating in the 2.4 GHz (2412 ~2462 MHz) band.

Ad Hoc function is supported but not able to operate on non-US frequencies.

Do not use the device with the environment which below minimum -30 ℃ or maximum over 50℃ .

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

Declaration Of Conformity Hereby, TAIZHOU HUANGYAN YIXUN FURNISHINGS CO.,LTD Declares that this MEET SMART STERILIZING LITTER CABIN is in compliance with the essential requirements and other relevant provisions of directive 2014/53/EU.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
