1 INTRODUCTION

1.1 Purpose and Scope

Purpose of this document is to describe the package label artwork of the Docking Station (DS) model WIOS-DS2 which forms a part of the Wireless IntraOral Sensor System (WIOSS) by Athlos Oy. Requirements related to the label are defined in document 0000666 [1] in sections 3.1, 3.2, and 4.5.

NOTE: Label artwork is for example purposes only. The size and positioning of symbols and text in the actual printed label may vary.

1.3 Terms and Abbreviations

Term, Abbreviation:	Definition:
WIOSS	Wireless IntraOral Sensor System
IOS	IntraOral Sensor

2 LABEL ARTWORK

2.1 Package Label

Material:	Brady Material Type: Polyester, Brady Material No.: B-423 (example)
Size:	76.2 x 50.8 mm ² (example)

2.2 FCC Warning Label

Material:	Brady Material Type: Polyester, Brady Material No.: B-423 (example)
Size:	50.8 x 25.4 mm ² (example)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

¹ Serial number and UDI described on the label are samples only describing the length (number of characters) of the number with respect to the size of the label and positioning of the data. They do not apply to any actual product.
