| <p>Solder<br/>Board-Component<br/>View 4</p> |  <p>A photograph showing a small, circular electronic component with gold-colored solder pads. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component has some text printed on it: "Y2 2024-01-17", "2023.5.26", and "S013 V1.2".</p>                                                                                                                                                  |
| <p>Antenna View</p>                          |  <p>A photograph showing the internal components of a device, specifically the antenna area. The device is a black, oval-shaped case with a green printed circuit board (PCB) visible inside. Three circular antenna coils are visible, each with a yellow wire connected to it. Red boxes highlight the coils, and red lines connect them to labels: "Wireless charger 10W" (top left), "Wireless charger 5W" (top right), and "Wireless charger 3W" (bottom center). The device is placed on a blue textured surface.</p> |
