

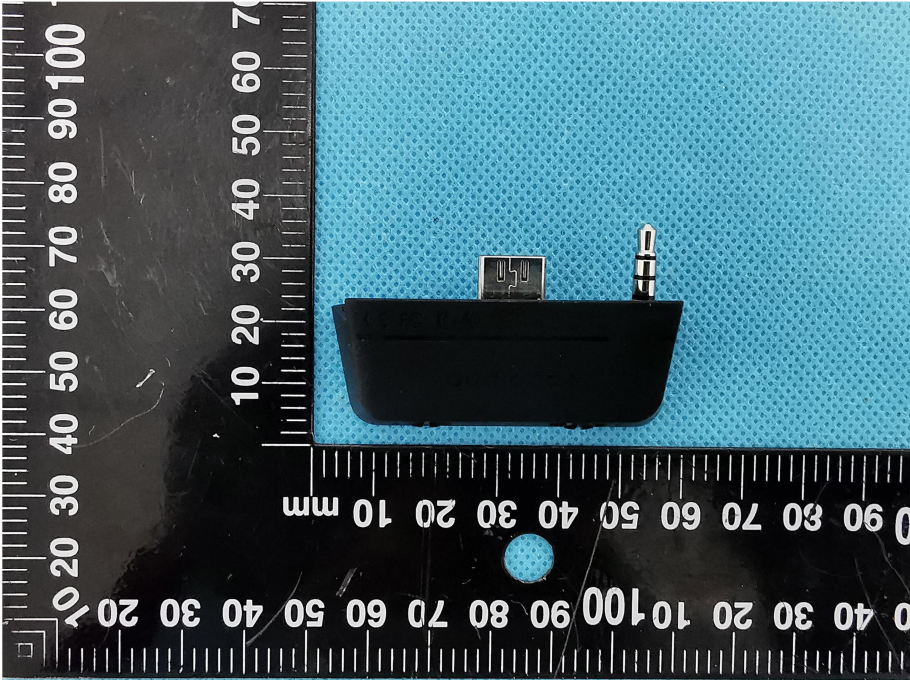

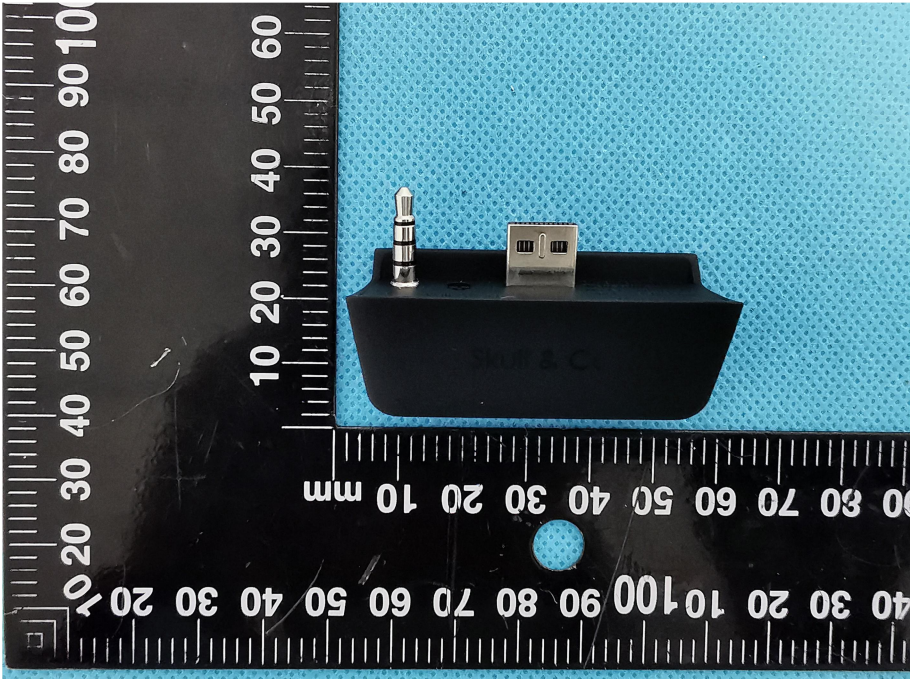

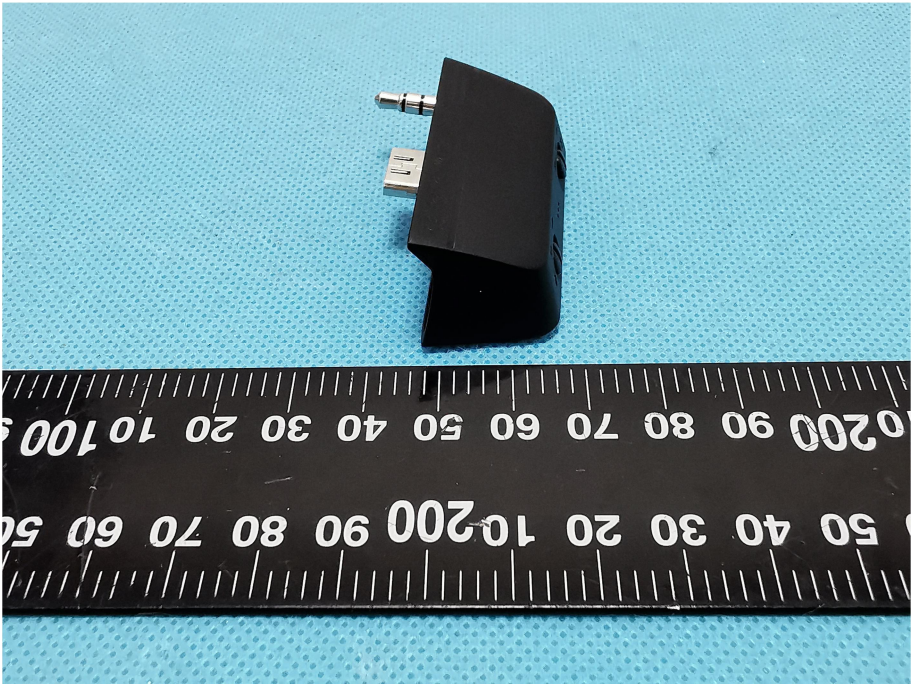

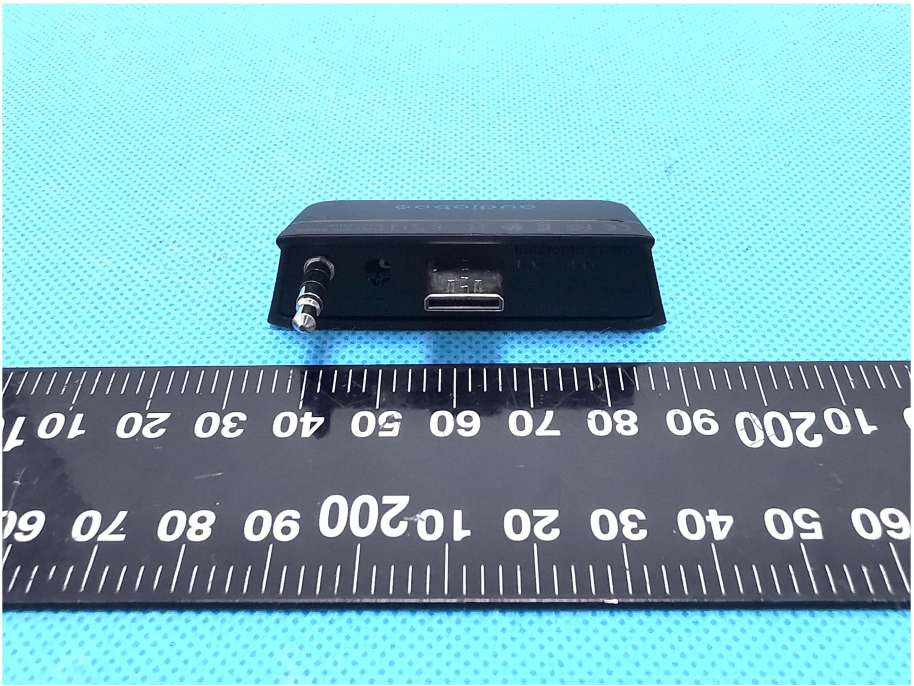

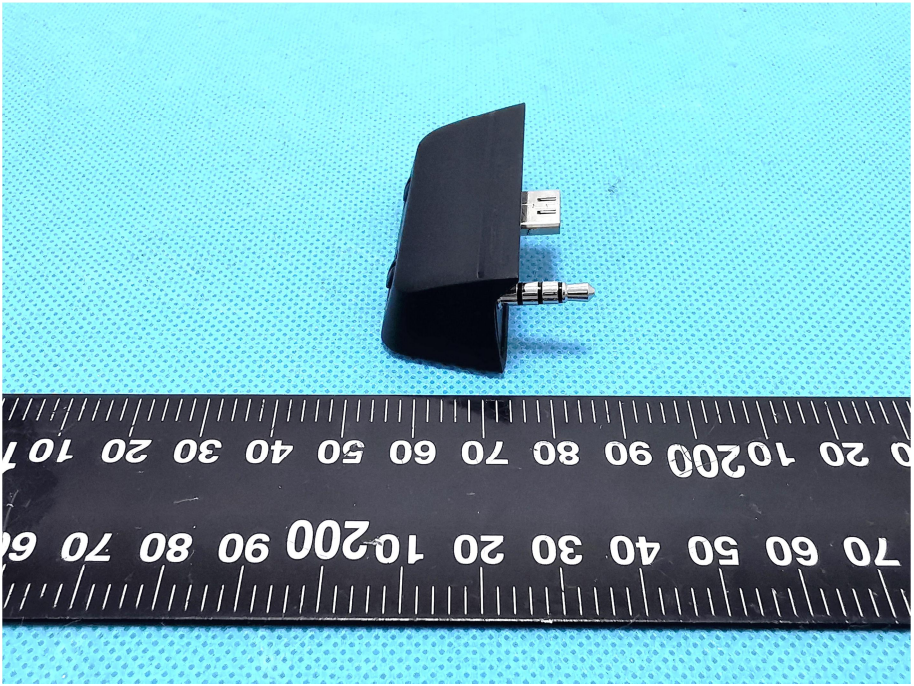

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black electronic device, likely a USB dongle, is shown from a top-down perspective. It has a silver USB-A connector on the left and a silver 3.5mm audio jack on the right. The device is placed on a blue textured surface. A black ruler with white markings is positioned to the left of the device, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom.
EUT View 2	 A black electronic device, similar to the one in View 1, is shown from a different angle. It has a silver USB-A connector on the right and a silver 3.5mm audio jack on the left. The device is placed on a blue textured surface. A black ruler with white markings is positioned to the left of the device, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom.

EUT View 5	 A black, rectangular electronic device is shown from a top-down perspective. It has a USB Type-A port on the left side and a 3.5mm audio jack on the right side. The device is placed on a blue textured surface. Below the device is a black ruler with white markings, showing a scale from 0 to 100 mm. The ruler is oriented horizontally, with the 0 mark on the left and the 100 mark on the right.
EUT View 6	 A black, rectangular electronic device is shown from a side profile. It has a USB Type-A port on the left side and a 3.5mm audio jack on the right side. The device is placed on a blue textured surface. Below the device is a black ruler with white markings, showing a scale from 0 to 100 mm. The ruler is oriented horizontally, with the 0 mark on the left and the 100 mark on the right.
