

## Unbinding Device

If this device has been connected to other Wi-Fi or has been bound by other users, you need to unbind the device before rebinding.

Device unbinding method: After the device is powered on and self-checked, press and hold the reset button of the device for 5 seconds, the device will be reset and unbound.

Reset Button

## Share the camera

1) Find the camera you want to share on the App homepage or camera setting page. Click the share button and enter the sharing page.

2) Click "Invite", and a QR code will be generated for sharing.

FCC Statements  
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Caution:** The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules.

3) For the members you need to share, find "Add a Friend's Camera" on the "User" page to enter the scanning page.

4) Scan the QR code on your mobile phone, and you will receive the confirmation notification after success. The sharing will be completed after you agree.
