

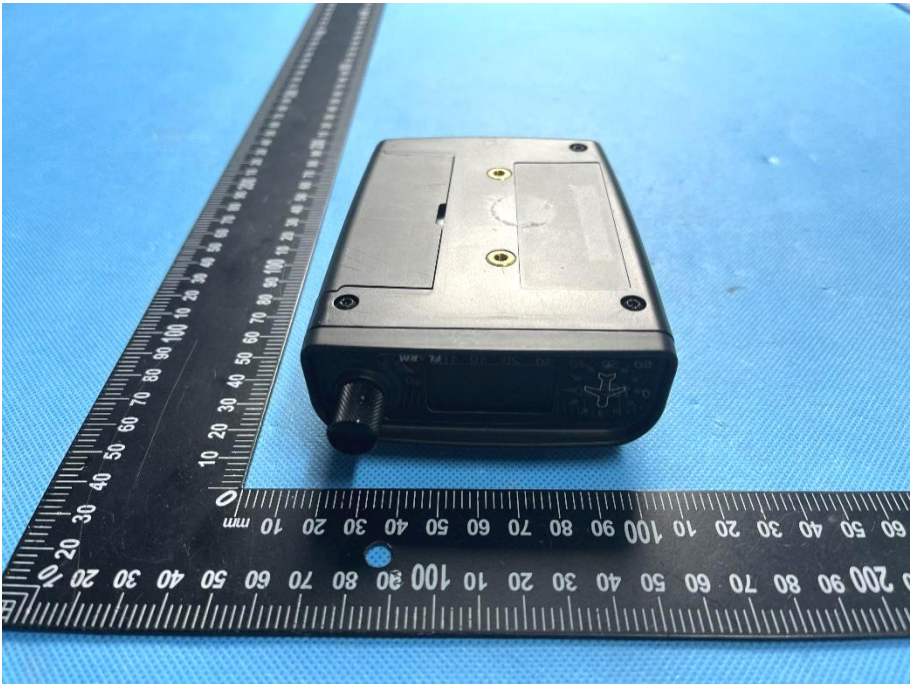

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing a black, rectangular electronic unit (EUT) with a cable attached. The unit is positioned next to a black ruler with white markings, which is used for scale. The background is a blue textured surface. The ruler shows measurements in both centimeters and inches.
EUT View 2	 A photograph showing a close-up of the black, rectangular electronic unit (EUT). The unit is positioned next to a black ruler with white markings, which is used for scale. The background is a blue textured surface. The ruler shows measurements in both centimeters and inches.

EUT View 3	 A black electronic device, likely a test probe or connector, is shown from a top-down perspective. It has a rectangular shape with rounded corners. Two gold-colored pins are visible on the top surface. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.
EUT View 4	 A black electronic device, likely a test probe or connector, is shown from a side perspective. It has a rectangular shape with rounded corners. A circular feature and a cross-shaped symbol are visible on the side. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.
