

## Model O Classic Wireless

Model O Classic Dongle: GLO-ACC-MS-WDK-MB

Connectivity options: Wired/Wireless

Wired mode: Ascended USB A to USB C cable

Wireless mode:

- 2.4 GHz lag-free wireless connectivity
- Minimum Range: 5 meters
- RF power: <5.87dBm
- Operating frequency: 2402MHz-2480MHz
- Channel Number: 79

Working temperature: 0-40°C

**Setting Up:** We recommend that you charge your mouse fully before using it for the first time in wireless mode. To do this, plug the USB A side of the cable into your computer, and plug in the other end into the USB C port on the front end of the mouse, keeping the side with the hex symbol facing up. The mouse can be used normally in wired mode. If using a USB C cable other than the provided Ascended cable, we recommend to use it only for charging as gaming with another cable may cause the port on the mouse to be damaged because of insufficient support. Total charge time is approximately 3 hours.

**Battery:** When your mouse is low on power, the scroll wheel will flash red intermittently. When plugged in to charge, the scroll wheel will go into Breathing mode in the colours corresponding to the battery level.

**Reset:** You can reset the mouse to factory settings by holding down the left and right mouse buttons along with the scroll click for 5 seconds. Note: this action will erase all profile information on the mouse and reset all settings to factory default.

**Glorious CORE Software:** To create custom macros, rebind mouse functions, access advanced lighting effects, and save personalized DPI settings, you must download Glorious CORE software from [www.gloriousgaming.com/core](http://www.gloriousgaming.com/core).

**Support/Service:** If you have any questions or issues with your mouse, please do not hesitate to contact us. Alternatively, please visit us at [www.gloriousgaming.com](http://www.gloriousgaming.com) where you can find our frequently asked questions, troubleshooting tips and look at our other Glorious products.

- 2-year limited Manufacturer Warranty
- The warranty does not cover damages as a result of opening the mouse
- Keep out of reach of children below the age of 10

**Limitation of Liability:** Glorious shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages, arising in any way out of distribution of, sale of, resale of, use of, or inability to use the Product. In no event shall Glorious's liability exceed the retail purchase price of the Product.

**General:** These terms shall be governed by and construed under the laws of the jurisdiction in which the Product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Glorious reserves the right to amend any term at any time without notice.

**FCC Statement:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. This equipment must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and consider removing the no-collocation statement. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Caution!**

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Canada Statement:** The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction. This device complies with Innovation, Science and Economic Development licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Innovation, Science and Economic Development applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance. Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.

RED EU Declaration of Conformity

**WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT INFORMATION (ENGLISH)**

Correct Disposal of This Product (Waste Electrical & Electronic Equipment) (Applicable in the European Union and other European countries with separate collection systems). This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

**Battery Warning:** Do not replace battery with an incorrect type. Do not disposal battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion. Do not leave battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas. Do not leaving battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas. Do not used in low air pressure at high altitude condition. Do not used in high or low extreme temperatures.

Hereby, Glorious LLC(13809 Research Blvd Suite 500 PMB 93206 Austin, TX 78750, USA). declares that this Model O Classic is in compliance with the essential requirements and other relevant provisions of UK Radio Equipment Regulations (SI2017/1206). A copy of the Declaration of Conformity can be found at Website: [mwww.gloriousgaming.com](http://mwww.gloriousgaming.com)

This device is in compliance with the essential requirements and other relevant provisions of UK Radio Equipment Regulations (SI 2017/1206); All essential radio test suites have been carried out. The product shall only be connected to a USB interface of version USB2.0
